## NBA Accreditation A Milestone in Academic Excellence

The Department of Pharmaceutical Sciences achieved a significant academic milestone with the Bachelor of Pharmacy (B.Pharm) program receiving accreditation from the National Board of Accreditation for a period of three years, from January 1, 2026, to December 31, 2028. This prestigious recognition stands as a strong testament to the program's commitment to excellence in higher education and professional training in pharmaceutical sciences.

The accreditation affirms that the B.Pharm program meets rigorous national standards in curriculum design, teaching-learning processes, faculty competence, research culture, student support systems, infrastructure, and institutional governance. It reflects the department's continuous efforts to align academic practices with national

benchmarks and global expectations in pharmaceutical education. Through this recognition, the program gains enhanced academic credibility, ensuring that students receive quality education that is relevant, industry-oriented, and professionally competitive.

This achievement significantly strengthens the academic value of the B.Pharm degree, benefiting both current and future students. Graduates of the program will enjoy improved academic recognition, better opportunities for higher education, research, and professional placements, and greater acceptance in national and international academic and professional platforms. The accreditation also builds trust among stakeholders, including parents, employers, academic institutions, and regulatory bodies, reinforcing the

institution's reputation for quality and accountability.

The department expressed deep gratitude to its dedicated faculty members, whose academic commitment, innovative teaching methods, and research-driven approach played a crucial role in this success. Special appreciation was also extended to the supportive administration and visionary management for their strategic leadership, continuous guidance, and unwavering encouragement throughout the accreditation process.

This NBA accreditation marks not just an institutional achievement, but a collective success that symbolizes dedication, teamwork, and a shared vision for academic excellence. It stands as a proud moment for the Department of Pharmaceutical Sciences and a strong foundation for future growth, innovation, and educational leadership in pharmaceutical education.
