

Zilla Parishad High School Students Visited Department of Textile Technology

On September 26, 2024, a group of 113 enthusiastic students from Zilla Parishad High School (Angalakuduru), ranging from classes IX to XII (Vocational Inter – Apparel), visited the Department of Textile Technology at VFSTR, accompanied by their teachers. The students embarked on an enriching educational journey to explore the fascinating realm of textile technology and technical textiles. The visit was coordinated by Mr. Govardhana Rao Chilukoti, with valuable support from faculty members Dr. S. Kubera Sampath Kumar, Mr. Siva Jagadish Kumar, and Mr. R. Paranthaman, who shared their expertise and provided the students with a comprehensive overview of the textile industry.

Mr. Govardhana Rao Chilukoti welcomed the students, introducing them to the foundational concepts of textile technology. He explained the crucial role textiles play in everyday life, from clothing to the industrial applications that rely on advanced textile materials. The students were captivated by the immense diversity of the textile field and its far-reaching impact on various sectors. Dr. S. Kubera Sampath Kumar led the students through the world of technical textiles, a cutting-edge area within the textile industry that focuses on functional and performance-enhanced materials. He highlighted the innovative applications of technical textiles in fields such as healthcare, automotive, sports, and environmental protection, offering valuable insights into how these materials are driving advancements in multiple industries.

Mr. Siva Jagadish Kumar and Mr. R. Paranthaman provided hands-on demonstrations of state-of-the-art equipment and technologies used in textile manufacturing and testing. The students had the chance to witness firsthand how raw materials are transformed into finished products, making the experience even more immersive. The faculty also emphasized the growing importance of sustainability in textile production, discussing the latest eco-friendly practices and materials being adopted across the industry.

The visit concluded with an engaging interactive session where students eagerly asked questions and shared their observations with the faculty. Both the students and their teachers expressed heartfelt gratitude for the opportunity to visit Vignan's University and learn from experts in the field.

This visit to the Department of Textile Technology at VFSTR was not only educational but also inspiring, sparking curiosity and enthusiasm among the students. The insights they gained into textile technology could shape their future academic and career paths, encouraging them to explore the vast opportunities within this dynamic and innovative field.

Campaign on Safety Measures and Electricity Usage Held at Vejandla

On September 21, 2024, the EEE Department of Team UEAC conducted a campaign on "Safety Measures and Usage of Electricity" at Vejandla. The event aimed to educate the local community on the importance of using electricity safely in their daily lives.

During the session, students raised awareness about the potential dangers of electricity and shared essential safety precautions to prevent electrical accidents. Emphasizing the need to stay vigilant against electrical hazards, the campaign encouraged people to adopt preventive measures to ensure safety at home and in their surroundings.

The event, attended by 29 students, began at 11:00 AM and concluded at 1:00 PM. to spread awarene spread awareness on the safe and efficient use of electricity, promoting safety in everyday life.

Empowering Girls: Cultivating Safety and Confidence

On September 21, 2024, students from the IT department of VFSTR organized an event in Jagarlamudi focused on empowering girls through awareness about safety, menstrual hygiene, and well-being. This initiative aimed to educate and inform young women about crucial health and safety issues, promoting their confidence and security in daily life.

The event featured discussions and activities designed to engage both girls and boys to raise awareness about these important topics. The program reflected a commitment to fostering a supportive environment for girls in the community, emphasizing the promotion of health, hygiene, and empowerment. It also addressed the stigma and misconceptions surrounding menstruation, which often lead to misinformation and inadequate practices.

The program, which ran from 11:30 AM to 1:30 PM, saw the participation of 17 student volunteers. Nearly all high school girls in attendance benefited from the event, gaining valuable knowledge to better educate themselves. The program concluded on a positive note, with expressions of gratitude from the schoolgirls for the accessible resources and education provided on this sensitive topic.
