Guest Lecture on AI in Business – Enterprise Adoption and the Road Ahead

The Centre for Distance and Online Education (CDOE), Vignan's Foundation for Science, Technology & Research (VFSTR), organized an insightful guest lecture on the topic "AI in Business—Enterprise Adoption and the Road Ahead" through Microsoft Teams. The program was conducted with the objective of creating awareness among students about the growing impact of Artificial Intelligence (AI) across industries and business operations, while also highlighting the importance of developing future-ready skills in today's digital era.

The session was delivered by Ms. Priyamvada Padmakar, a renowned technology leader, AI strategist, and career coach with extensive experience in artificial intelligence, digital transformation, and enterprise innovation. During the lecture, she provided valuable insights into the evolution of AI technologies and explained the rapid growth of generative AI in various sectors. She clearly differentiated between artificial intelligence, machine learning, generative AI, and agentic AI using practical examples and interactive explanations, enabling students to gain a deeper understanding

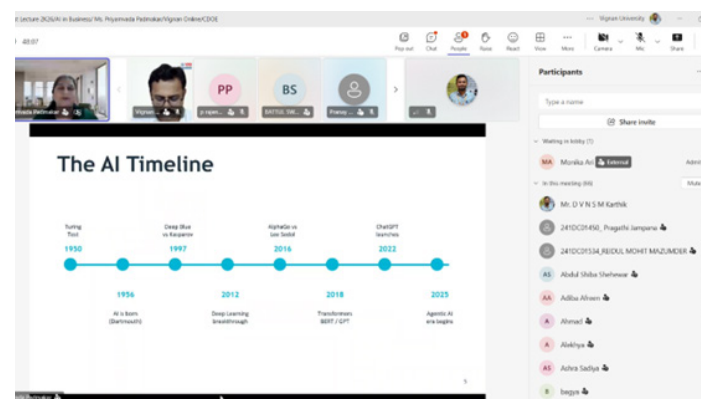

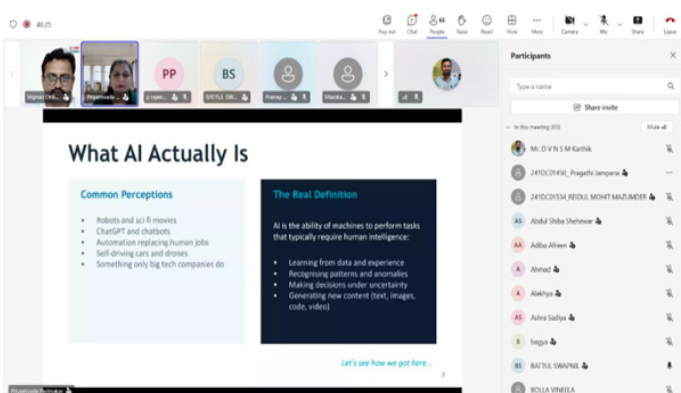

of these emerging technologies. One of the key highlights of the program was the live demonstration of Claude AI, which helped

Mumbai, India

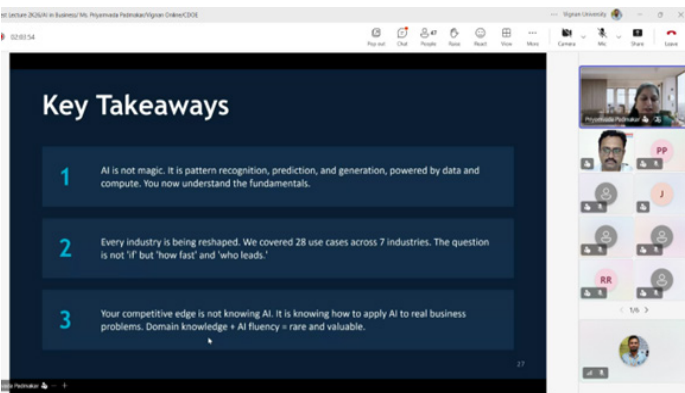

students understand real-time AI applications and how businesses are integrating AI tools into their daily operations. Interactive activities were also conducted through Menti.com, allowing students to actively participate in discussions, share opinions, and explore AI-driven responses and data visualization techniques.

Students from MBA, MCA, BBA, and BCA programs enthusiastically participated in the session and interacted with the resource person throughout the event. The speaker further discussed the implementation of AI in sectors such as marketing, manufacturing, retail, logistics, banking, and healthcare by sharing practical industry examples and real-world experiences.

The program concluded with valuable insights into how AI technologies are transforming industries and creating new career opportunities. Students gained clarity on emerging AI trends, career prospects, and the significance of continuous learning and adaptability in the evolving digital landscape. The event was organized under the guidance of Dr. Ch. Hymavathi, Deputy Director, CDOE, and coordinated by Mrs. M. S. K. Varma, Assistant Director, CDOE, along with Mr. D. V. N. S. M. Karthik.
