About the University...

Vignan's Foundation for Science, Technology and Research (VFSTR) University, provides quality education in a diverse and intellectually stimulating environment. It imparts value addition training to students to make them competent and inspired engineers. The Institute celebrates the power of knowledge, cultivates vision and encourages new ideas, besides aiming to inculcate human values and build awareness about the self and society around. The Institute is well known for its dedicated faculty, state-of art infrastructure and excellent Placement Record. As a university, it is in the process of improving its standards to the level of a global technical institution. The latest curriculum has been prepared after consulting our illustrious alumni working across the world, veterans from industry and distinguished academicians possessing a rich teaching and research background.

Campus Placements 2021-22 Vignan's University receives 1850 + Placement offers for 1314 Students which is more than 92%

For more details visit our website:

www.vignan.ac.in

Why Vignan?

Placements: The University placed 1602 students in the academic year 2020-21 the highest number in the region. Planned academic curricula interspersed with proper Campus Recruitment Training program realised this number of placements

Campus Recruitment Training: The University has a tie-up with a few reputed finishing schools for making students industry ready.

Teaching-Learning Process: Learning Management System (LMS) Moodle provides a dynamic environment for the students by way of interactive teaching-learning process, group discussions, seminars etc.

Project based curicullum: Skill based education, industrial exposure and fruitful internships are integral of project based curricula

English Proficiency Course: A 100 hrs. English Proficiency Course (EPC) for effective communication: listening, speaking, reading and writing skills.

Cambridge Certification Courses: PET (Preliminary English Test) for I year students; BEC (Business English Communication) for III year students to have international recognition of the students language

Innovative Courses: Cloud Computing, Machine learning, Internet of Things (IOT), Cyber Security, Artificial Intelligence, Robotics, Rapid Prototyping, Nanotechnology, Biotechnology - Immunology, Immunoinformatics are carefully designed and implemented in the curriculum of appropriate programmes

International Internship: VFSTR students are undergoing semester / year long internships in the leading Universities in France, South Korea, Taiwan, Japan, Singapore etc.

Annual National Level Youth Fest – Every year Srujananukura - is organised in Techno, Sports, Literary and Cultural events to develop leadership skills.

Comprehensive Evaluation System: Our continuous evaluation system consists of surprise tests, assignments, group discussions and seminars to assess students.

Merit Scholarships: Merit scholarships worth of 4 crores to all the deserving meritorious students is unparalleled in the region. This encourages the studious ones to make VFSTR University as their first choice.

Balanced Discipline: A balanced approach in being liberal towards the freedom of students and dispelling the undesirable trends in their development at once is one unique feature of the University.

Psychological Support: is offered with professional counselling by experienced and caring faculty bears fruits of success every year.

Personality Development Programme: PDP is organized to groom the students in soft skills such as 'self awareness, body language, time management, social etiquette and presentation skills

Life Skills Activities: 13 students clubs, including music, guiz, dramatics, photography, heritage, film and environment clubs offer students a rich exposure through diverse activities and helps them shape into versatile professionals.

Value addition of Vignan's University Courses

Courses in great demand by industry: Based on a series of industry-institute interfaces, Vignan has identified the Technical and Soft skills essential for the industry and inculcate the same in the students.

Industrial Tie-ups: MoUs have been with several industries to enable for curriculum development, collaborative research and skill transfer to faculty and students.

Promoting Research activity: * 4 Centres of Excellence, 15 exclusive Research Centres and 88 spacious Laboratories with computer and internet connectivity. * Advanced Wireless Communication Lab in Collaboration with M/s Key Sight Technology, Bangalore. ★ 7 Skill Development Centres in Collaboration with Andhra Pradesh State Skill Development Centre (APSSDC) for providing additional technical skills to students

Incubation Centers: MoUs to promote innovation and entrepreneurial spirit among students, and collaboration with a number of industries for the start of incubation centres.

Faculty: 40% of faculty are picked from reputed institutes like IITs, NITs and IIITs. Continuous and sustained efforts are made to recruit faculty with Ph.D from reputed institutions.

Access to e-journals and books: VFSTR has membership with National Mission on Education through ICT, MHRD with 1 Gbps connectivity to access e-journals and books.

Practice School: For industry exposure, students are deputed to industries for practical experience during summer through internships as well as regular industrial visits.
