A Visit to Kondapalli Fort
English: Vocabulary Building Activity (CSE – Section - 3 & 4)
30th July 2022
Report

The Department of English and Other Indian and Foreign Languages organised a visit to Kondapalli Fort. It is locally known as Kondapalli Kota, lies to the west of Vijayawada, the second largest city of Andhra Pradesh. It was built in 14th century. It is around 70 kilometres away from the university. The fort is situated on a hill range looks a pictures beautiful place to visit and enjoy the surroundings.

The aim of conducting the visit to Kondapalli Fort is to create awareness among the students about our rich cultural and heritage and its preservation by the government agencies. Wide open spaces and landscaped sprawling lawns are good enough to spend value time with friend and family members.

The students were made to know about the fort, its architecture antiquities. After having seen the fort students of section 3 and 4 of Computer Science & Engineering were asked to gather at one of the beautiful sports for organising “Vocabulary Quiz”.

The faculty divided the students into six teams and started the quiz. It is considered as one of the best activities to build one's vocabulary. Spelling of the word, meaning and pronunciation are to be said by the team members when they were asked by the faculty. Overwhelmingly, the passionate enthusiastic students participated in the quiz even and had a wonderful closure of the day.

The Quiz enabled the students to know the word, its meaning and pronunciation. These kinds of activities are certainly going to enrich knowledge and help students to improve their word power.

A total of 126 out of 130 from both the sections were participated in the quiz competition. It was really a fun-loving quiz filled with amusement and entertainment.

A Visit to Amaravathi: The Capital City of Andhra Pradesh
English: Extempore Activity(CSE – Section - 5 & 6)
30th July 2022
Report

The Department of English and Other Indian and Foreign Languages organised a visit to Amaravathi, one of the famous historical places and capital of Andhra Pradesh. It is situated on the banks of river Krishna. It is around 54 kilometres away from the university. It is most sought destinations of Andhra Pradesh after declaring its name as the capital. The surroundings you find greenery everywhere with variety of crops.

The purpose of the visit to Amaravathi by first year students of Computer Science and Engineering branch is to create awareness, know about the capital, honing speaking skills, learn from the nature; and to know about our historical places and its importance in olden days and the present time.

After arriving to the destination, the students were briefed about the purpose of the visit to Amaravathi and what are they going to learn there on the day. The faculty members discussed the activity planned for the day and announced it. Students were encouraged to participate in the extempore. Here, one thing is quite clear to understand that none wants to be ready to present the topic spontaneously, but they find other presenting; they too would like to participate and present their views. This activity has limitations as well as scope for developing self-confidence, competency, and flair to speak out.

The topics for extempore are like “**Whether one capital is good for Governance, or do you need three capitals? What do you think?**” and so on.

A total of 124 out of 126 from both the section 5 and 6 were participated in the event and other too actively supported their friends making fun and learn activity.
