Date:26.07.2022

Venue: Parivarthana Asrama Paatasala Sattenapalli

As a part of Chairman Sir's birthday, the UEAC unit of VFSTR distribute the Groceries, Blankets and Clothing to **Parivarthana Asrama Paatasala Sattenapalli** on 26.07.2022. Our UEAC volunteers distribute Groceries, blanket and clothes distribution in different regions of Guntur including Ponnuru, Tenali, Phirangipuram, and other places (hospitals). The pleasure in fulfilling the basic requirement of people carries a different feeling that can't be explained in words. They don't have clothes to cover their body, and they spend their winter without a blanket. And that's the reason behind the death of thousands of people every year in the winter season. Whenever we visit such places with our volunteers, we get a question in our mind that isn't our responsibility to assist such poor and needy people in living a life full of hope and opportunities.

Some people come across several people and give them blankets along with clothes. Also, we distribute Groceries, Blankets, Clothing and food on that day (26.07.2022) to abandoned people living a hopeless life, and we are endeavouring to bring some shadows of hope in their lives.

Distribute the Groceries, Blankets and Clothing to Parivarthana Asrama Paatasala Sattenapalli on 26.07.2022

An Eye Check-up camp was held on 27<sup>th</sup> July 2022 on the occasion of Chairman sir birthday. The UEAC team organized Eye check-up camp at our adopted village Vejudla. A team of Eye specialists from **Dr Agarwals Eye Hospital Guntur**, came to do eye check-up of the villagers. the camp was advantageous for the villagers as they got an opportunity to know more about various aspects of eye care. The doctors brought well-equipped eye examination tools to examine the students effectively. They also spoke to the villagers about how to increase awareness and improve access to eye healthcare services. The objective of this event was to spread awareness on eye disorder, their early detection and detect refractive errors and eye ailments among villagers.

**Eye Check-up camp on 27.07.2022 at Vejudla village**

Date: 27.07.2022

Venue: Swadhan Orphanage home at Tenali

As a part of Chairman Sir's birthday, the UEAC unit of VFSTR distribute the Groceries, Blankets and Clothing to **Swadhan Orphanage home at Tenali** on 27.07.2022. Our UEAC volunteers distribute Groceries, blanket and clothes distribution in different regions of Guntur including Sattenapalli, Ponnuru, Tenali, Phirangipuram, and other places (hospitals). The pleasure in fulfilling the basic requirement of people carries a different feeling that can't be explained in words. They don't have clothes to cover their body, and they spend their winter without a blanket. And that's the reason behind the death of thousands of people every year in the winter season. Whenever we visit such places with our volunteers, we get a question in our mind that isn't our responsibility to assist such poor and needy people in living a life full of hope and opportunities. Some people come across several people and give them blankets along with clothes. Also, we distribute Groceries, Blankets, Clothing and food on that day (28.07.2022) to abandoned people living a hopeless life, and we are endeavouring to bring some shadows of hope in their lives.

Distribute the Groceries, Blankets and Clothing to Swadhan Orphanage home at Tenali on 27.07.2022

Date:29.07.2022

Venue: Yamparala Sita Ravamma oldage home for women visited at Angalaguduru.

As a part of our Chairman Sir's birthday, the UEAC unit of VFSTR visited and distribute the Groceries, Blankets and Clothing to Yamparala Sita Ravamma oldage home at Angalaguduru.on 29.07.2022. Our UEAC volunteers distribute Groceries, blanket and clothes distribution in different regions of Guntur including Sattenapalli, Ponnuru, Tenali, Phirangipuram, and other places (hospitals). The pleasure in fulfilling the basic requirement of people carries a different feeling that can't be explained in words. They don't have clothes to cover their body, and they spend their winter without a blanket. And that's the reason behind the death of thousands of people every year in the winter season. Whenever we visit such places with our volunteers, we get a question in our mind that isn't our responsibility to assist such poor and needy people in living a life full of hope and opportunities. Some people come across several people and give them blankets along with clothes. Also, we distribute Groceries, Blankets, Clothing and food on that day (29.07.2022) to abandoned people living a hopeless life, and we are endeavouring to bring some shadows of hope in their lives.

Distribute the Groceries, Blankets and Clothing to Yamparala Sita Ravamma oldage home on at Angalaguduru on 29.07.2022

## **Awareness on Higher Education**

Date: 07.09.2022

Venue: ZP High School Sangam Jagarlamudi.

UEAC organized an event on motivation to the students who are studying in government High School at Vejandla for giving an awareness on higher education in view of the holistic development to the students of 9<sup>th</sup> and 10<sup>th</sup> standard. A good number of volunteers participated by dividing them into teams to conduct sessions in different classrooms. It was started around 11:30 am, which began with an interaction session so as to know the amount of knowledge they know.

Then interaction session continued by giving examples of success stories. They also discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This programme helped the students to be guided by a positive mind and driven by self-motivation. Volunteers were very much delighted by observing the way students have received them and they decided to conduct similar sessions in other government schools in the adopted villages. The programme was guided by UEAC coordinator Mr. Suresh Babu.

### Report 2022-23

### **Awareness on Traffic Rules**

Date:30.09.2022

Venue: VFSTR

Traffic rules in general are designed to protect the drivers, passengers and even for the people using the roads. They help in avoiding accidents by making us all responsible citizens. Every country has their own set of traffic rules established by their governments. The Indian government has also issued various rules and regulations in order to maintain road safety of any individuals from humans to animals.

Yet we see and hear a lot of unfortunate incidents caused either due to irresponsibility or because of misconduct of the duties. The best way to prevent such situations is to aware people so that they can realise the importance of on-road safety and be mindful.

One such awareness camp was organised by VFSTR on the occasion of 153 birthday of Mahatma Gandhi which was done under the Guidance of Head of the IT, UEAC Programme Officer Dr.Vijayababu Palukuri along with UEAC coordinator Mr. Suresh babu and department coordinator Mr.Nagireddy

UEAC team members of IT department were segregated into 5 different teams consisting of 5 members each. All the team members came forward with the motive of creating awareness to people by distributing pamphlets which included the basic yet vital rules of road safety to the citizens travelling and workers around the VFSTR campus. The students of VFSTR actively participated in the event and made the event a grand success.

**Date: 15.10.2022**

**Venue: VFSTR**

“A clean India would be the best tribute India could pay to Mahatma Gandhi,” said Shri Narendra Modi. With such spirit, VFSTR UEAC team organized a "Cleanliness Drive" on 15th October 2022 in collaboration with Office of the Registrar in the surroundings of A Block and H Block on campus. The UEAC Programme Officer, Dr. Vijayababu Palukuri and the Assistant Registrar, Mr. Narsareddy and few faculty members along with 260 students of first year B.Tech actively participated in the drive. The volunteers cleaned the back-side corners of the A-block and H Block (Bike parking place) on campus, wearing gloves and masks collected all the litter in big bags for disposal. The volunteers were instructed to clean their hands with soap at the end. The main purpose of this programme is to create cleanliness awareness among the students and its benefits. Under this programme, the UEAC volunteers, the maintenance staff actively participated. The UEAC Programme Officer encouraged the students by giving some facts about the importance of hygiene and cleanliness of our surroundings. ‘Cleanliness is next to Godliness’ which plays a vital role in our daily lives and it is the responsibility of every one keeping clean and remains away from dirt to achieve and maintain good physical and mental health". The UEAC Volunteers, the maintenance staff have done noble job successfully.

One such awareness camp was organised by VFSTR. The event was done under the Guidance of Head of the team UEAC Dr. Vijayababu Palukuri along with UEAC coordinator Mr. Suresh. UEAC team members were segregated into 3 different teams consisting of 3 members each. All the team members came forward with the motive of aware the people regarding the frauds and to suggest tips to not get trapped into these scams and have a safe internet using journey. ### Report 2022-23

#### **Awareness on EYE Donation**

Date:17.11.2022

Venue: ZPH School Sangamjagarlamudi

Team UEAC had initiated an awareness on EYE donation awareness camp on November 17<sup>th</sup> 2022 in Sangam jargarlamudi High School. In this program, UEAC team and students from Department of BSC (Hon's) Agriculture have participated. A total of 35 members from the BSC (Hon's) agriculture department have participated in this event. Visual impairments have physical, emotional, social, and economical consequences and are a crucial element influencing one's quality of life. A total of 1.285 million people are estimated to be visually impaired worldwide of which 39 million are categorised as blind. These figures are startling, given that 80 percent of known vision impairments are either treatable or preventable. Corneal transplants appear to be our best hope for resolving this problem; however, a global shortage of available donors continues to dampen efforts addressing this issue.

The event is started with the gathering of students at U Block by 2:00 pm. Then we reached the school at 2:30 pm. After reaching the school the students are divided into groups. By the time of 2:45 pm the event is started and each group has contributed their efforts to make the awareness among the students. As per the instructions given by UEAC unit coordinator Mr.Suresh babu, the team members actively participated in the event . After completing of the event all the students have gathered back to the bus. A small interaction with members and appreciation for the accomplishment of the event.

Team UEAC members from department of BSC (Hon's) Agriculture have successfully completed the event in Sangam Jagarlamudi High School.

## **Awareness on Tobacco Consumption**

Date:17.11.2022

Venue: ZPH School, Sangamjagarlamudi

Team UEAC initiated an awareness of tobacco consumption on November 17, 2022, at Sangam Jagarlamudi High School. In this program, the UEAC team and students from the Department of Biotechnology have participated. A total of 25 members from the Biotech department participated in this event. The main theme of this event is to create awareness of tobacco consumption. To investigate an association between the awareness about the effects of tobacco consumption on oral health and the likelihood of smoking among male schoolchildren. Schoolchildren with increased awareness of smoking effects on oral health were less likely to smoke. Educating students about the complications of smoking on oral health should be the part of smoking cessation programs and policies.

The event started with students gathering at U Block By 2:00 pm. Then we reached the school at 2:30 pm. After reaching the school the students are divided into groups. By the time of 2:45 pm, the event started and each group contributed their efforts to make awareness among the students. As per the instructions given by UEAC coordinator Mr Suresh babu, the team members actively participated in the event. After completing the event, all the students returned to the bus. A small interaction with members and appreciation for the accomplishment of the event. Team UEAC members from the department of Bio-Technology have successfully completed the event at Sangam Jagarlamudi High School.

**AWARENESS ON TRAFFIC RULES**

Date:18.11.2022

Venue: Vadlamudi

Traffic rules in general are designed to protect the drivers, passengers and even for the people using the roads. They help in avoiding accidents by making us all responsible citizens. Every country has their own set of traffic rules established by their governments. The Indian government has also issued various rules and regulations in order to maintain road safety of any individuals from humans to animals.

Yet we see and hear a lot of unfortunate incidents caused either due to irresponsibility or because of misconduct of the duties. The best way to prevent such situations is to aware people so that they can realise the importance of on-road safety and be mindful.

UEAC team members of IT department were segregated into 5 different teams consisting of 5 members each. All the team members came forward with the motive of creating awareness to people by distributing pamphlets which included the basic yet vital rules of road safety to the citizens travelling and workers around the VFSTR campus. The students of VFSTR actively participated in the event and made the event a grand success.

Swachh Bharat Abhiyan is a nationwide campaign that was launched by honourable Prime Minister of India Narendra Modi on October 2, 2014. The main objective of this programme is to make India a clean and green country. As a part of this Swachh Bharat Abhiyan Government of India aims to provide the primary clean and hygienic surroundings.

To accelerate the efforts of Universal Sanitation VFSTR initiated program of “**SWACHH VIGNAN- CLEAN AND GREEN (PLASTIC FREE ENVIRONMENT)**” As per the schedule. Registrar Dr. M.S. Raghunathan initiated the Swachh Vignan programme in VFSTR. The UEAC Programme Officer, Dr. Vijayababu Palukuri and the Assistant Registrar, Mr. Narsareddy and Vigilance officers along with 180 students of first year B.Tech actively participated in the drive. The volunteers cleaned the back-side corners of the A-block & H Block (Bike parking place) and NTR library on campus, wearing gloves and masks collected all the litter in big bags for disposal. The volunteers were instructed to clean their hands with soap at the end. The main purpose of this programme is to create cleanliness awareness among the students and its benefits. Under this programme, the UEAC volunteers, the maintenance staff actively participated. The UEAC Programme Officer and UEAC coordinator encouraged the students by giving some facts about the importance of hygiene and cleanliness of our surroundings.

As rightly said “Cleanliness is next to Godliness” we human beings should more responsible in making our surroundings clean and make it a better place to live in. A special thanks to all the volunteers who contributed selflessly for this good notion and made it a great success.

**A BOOK FROM YOU**

Date: 29.11.2022

Venue: ZPH School Sangamjagarlamudi

Learning never stops!

Education is the birth right of everyone, but due to economic and social status of some families, many children are not getting access to minimum education facilities and even studying under Government institutions – many children couldn't afford books and proper clothing.

So, in order to create a strong sense to help those school children - A University level event "A Book from You" has been conducted in our university – Under the UEAC-NSS Wing, under the guidance of Dr. Vijayababu Palukuri (UEAC programming Officer) and Mr. Suresh (UEAC coordinator)

The main aim of this event is to collect a book from every student of our University and deliver it to the children, who stand in need of those books the most. And also, to encourage those fatherly school children to continue their education and let them know education never stops!

Under this "The Book from You" event, The Team NSS have divided into groups – According to their respective departments and started to collect books (White note book or any Text Book) whichever is useful to those children, from 23-11-22 (Wednesday) to 28-11-2022 (Monday). And for this event A prodigious no of 920 books have been collected from all the departments of the university. And All the Chief organizer, Section coordinators have done a splendid job in handling and collection of these books from

The teams of 6 each were formed, who travelled through the streets of the village ringing calling-bells and giving advices about the dangers of visiting unwanted sites, sharing sensitive information, and opening malicious links. The volunteers made visits to every house, and made sure that no house was left unattended.

Cybercrime' also known as computer crime involves a wide range of criminal activities that are carried out by using and/or targeting a computer or related system especially illegally to access, transmit or manipulate data.

The best thing to protect from cybercrime is to take some precautions. If you are using the internet, then definitely you should be aware of the following tips to protect yourself from cybercrime.

**1. Use a Total Anti-Virus Protection:** Use good anti-virus security to protect against malware including ransomware and viruses.

**2.Passwords:** Always use a strong password and ensure you don't repeat your password on multiple websites.

**3. Keep Your Software Updated:** Updated software is highly important for the operating system and internet security software. Cybercriminals always try to exploit defects in the software to get access to your system.

**4. Social Media Settings:** All personal information on social media platforms should be kept locked. Apart from this, the less information is shared publicly, the better it would be.

**5. Protect Your Identity:** Identify theft occurs in situations where you will be prompted to give your personal information over the internet. A VPN can also help you to protect the data you send and receive online.

**6. Keep up to Date on Major Security Breaches:** If you are doing business through a website that has been impacted by a security breach, find out what information hackers accessed and accordingly change your password immediately.

**7. Educate & Monitor Kids:** Teach your kids about the acceptable use of the internet without blocking them from using the internet. They should be aware of any kind of illegal activity happens like online harassment, stalking or bullying. Similarly, be careful while sharing your child's personal information as identity thieves often target children.

**8. Understand What to Do If You Become a Victim:** If in any circumstance, you believe that you have become a victim of cybercrime, then the first thing to do is to inform the local police. Similarly, if you believe that criminals have stolen your identity, then alert the companies and banks where the fraud occurred and place fraud alerts and get your credit reports. In a way, fighting cybercrime is everyone's job. So, consider it as an obligation and be a part of the fight against cybercrime.

### Report 2022-23

#### **Awareness on Traffic rules**

**Date:29.03.2023**

**Venue: Vadlamudi village**

Traffic rules in general are designed to protect the drivers, passengers and even for the people using the roads. They help in avoiding accidents by making us all responsible citizens. Every country has their own set of traffic rules established by their governments. The Indian government has also issued various rules and regulations in order to maintain road safety of any individuals from humans to animals.

Yet we see and hear a lot of unfortunate incidents caused either due to irresponsibility or because of misconduct of the duties. The best way to prevent such situations is to aware people so that they can realise the importance of on-road safety and be mindful. One such awareness camp was organised by VFSTR on the occasion of 153 birthday of Mahatma Gandhi which was done under the Guidance of UEAC Programme Officer Dr.Vijayababu Palukuri along with UEAC coordinator Mr. D.Suresh babu and department coordinator Mr.Nagireddy UEAC team members of IT department were segregated into 5 different teams consisting of 5 members each. All the team members came forward with the motive of creating awareness to people by distributing Phamplates which included the basic yet vital rules of road safety to the citizens travelling and workers around the VFSTR campus. The students of VFSTR actively participated in the event and made the event a grand success.
