5. The Vice- Chancellor instructed the Dean-Evaluation to see the possibility of taking help from good final year B.Tech students for assisting the class teachers during tutorial hours of summer semester. He Asked the Dean Evaluation to come up with decent remuneration proposal for such cases.
6. Dean- Evaluation explained that this time there will not be any summer semester coordinators and HoDs are responsible for conduct of classes and monitoring the student progression during summer semester. Similarly no central office will be there and the all data related to summer semester will be handled by the departments. Remuneration provisions are incorporated accordingly.
7. Dean Evaluation informed the members, that wherever the students strength is less than 5, those subjects may be offered by PG students. However, if PG students do not come forward, then only the subjects to be handled by the faculty, subject to remuneration scales given for student strength more than 5.
8. The Chairman during discussion informed the members that the dropout rate of the students seems to be high and asked Dean, Academic Registration to provide the details of the students to Heads of Departments for further analysis.

#### Next Semester Preparation:

The Vice-Chancellor enquired the Heads of Departments about the faculty continuing in the next semester and subject allotment. He fixed targets for completing lecture notes preparation, PPTs and teaching material verification. This would be executed in three rounds

- First round - The HoD would check the teaching notes and PPTs of the faculty between 23<sup>rd</sup> May, 2016 to 28<sup>th</sup> May, 2016.
- Second round - The Dean, Engineering & Management and the HoD would check the teaching notes, PPTs and teaching material between 13<sup>th</sup> June, 2016 to 18<sup>th</sup> June, 2016.
- Third Round - The HoD, two internal experts and one external expert would check the PPTs and update by 25<sup>th</sup> June, 2016.

He explained that there would be seven committees headed by Deans along with respected Heads of Departments to verify and check the notes. The decision was accepted.

#### Departmental requirements:

The Vice-Chancellor enquired the requirements of each department with regard to labs and equipment. The HoD of Applied Engineering wanted to have additional lab facilities. The Vice-Chancellor informed that university would establish seven labs exclusively for research, for the departments of Applied Engineering, Mechanical Engineering, Food Technology, ECE, EEE, Biotechnology and Civil Engineering. The decision was accepted.

#### Faculty Recruitment:

The Vice-Chancellor asked the Heads of Departments to furnish the details of the faculty members who are willing to continue for the next semester, their workload and requirement of faculty. The Heads of Departments expressed the need of recruitment of faculty members for the next semester. The Rector advised the Heads of Departments to furnish the details of requirements for the department and submit those to the Registrar's office by Monday, as the university is going to advertise for faculty positions soon.

#### Infrastructure needs:

The Dean, Engineering & Management informed the members that they require 20 class rooms for S&H whereas only 16 are available and one MAT lab for mathematics. He advised the HoD, EEE to use seminar halls and HoD, Civil to convert a seminar hall in to class room. He also informed the members that there would be a new building coming up to cater the needs of the departments.

#### Research projects in progress:

The Chairman opined that comments received from the experts (BoS) by e-mail etc., are to be properly acknowledged and implemented accordingly. The suggestions given by an academic council members and the action taken mentioned in the report are not matching / relevant.

Therefore, he suggested that action taken report should be prepared with proper care. The Chairman alerted the Heads of Departments about the research projects taken by the university. He further instructed the Heads of Departments to have the action plan ready to effectively and efficiently administer the research projects. He suggested the following steps be taken:-

- Invite the experts from industry and academia to find inspiring ideas
- Pursue the ideas for implementation.
- Identify the limitations
- Discuss with the experts about the projects viability

• Continue to accomplish it successfully

He also advised the Heads of Departments to overcome the limitations and get suggestions to update the progress, seek suggestions and implement the guidance. He suggested the following agenda :-

• Maintain good relations with experts

• Seek and receive the help received from the experts

He advised each Head of Department to maintain continuous interaction. He further instructed the Heads of Departments to identify the faculty to visit the industry to identify areas of research and industry requirement so that they could undertake the projects. The proposal was accepted.

**Research Planning by Dr. M. Y. S. Prasad:**

Dr. M. Y. S. Prasad addressed the members about the research expectations of the university. He advised the Heads of Departments that the research should be focused, product oriented or project oriented. He proposed that the Heads of Departments should select the faculty as core faculty for the research. He also advised the Heads of Departments to identify the progress of the project and to submit the progress report to the Registrar. The proposal was accepted.

**Student performance:**

The Rector updated the members about the present and upcoming M.A.s with Foreign Universities and intership students performance abroad. He reported that our students performed brilliantly and feedback received from the students who went to Japan, South Korea and Singapore was quite encouraging.

There is being no further points, the meeting was adjourned.
