## Assessments

Teaching Learning and Assessment should go hand in hand and complement each other. Continuous assessment plays a vital role to enable the student to get synchronized with the teaching-learning process. Assessment mechanism adopted in the institute is aimed at testing the learning outcomes in tune with the outcome based model of education. The focus, is thus on assessing whether the outcomes are realized by the end of the course.

This assessments page gives the details of assessment timetables, application process and other guidelines related to obtaining different certificates.

### Assessment Registrations

It is mandatory for all the students to follow the registration process to attend the summative assessments in the form of registering for giving a registered fee. The guidelines for registration are part of the assessment notification and give the details of registration fee to be paid, details of fee payment and mode of payment. For students who are enrolled for the courses during the regular academic assessment registration is integrated with the course registration. Students who are registering for supplementary assessment need to follow the specific registration guidelines as outlined in the assessment notification. These are linked together for formative assessments.

Register →

### Results

The assessment results are organized under three main headers, reflecting the different components of the assessment scheme. It lists an overview of each category and the result access process.

- Formative Assessment Marks:** This section provides marks for each individual formative assessment test, allowing students to see their performance on these specific assessments.
- Final/Practical Assessment Marks:** This section displays the final marks for formative assessments, adjusted as per the relevant program assessment scheme.
- Final Results:** This section shows the overall result for each subject, which comprises scores from both formative and summative assessments.

**Release and Access to Results**

- \* Timely final results are typically released within two weeks following the last scheduled test date, as per the assessment timetable.
- \* Access: Students can view their results by selecting the relevant assessment link and entering their registered user ID.

This structured format provides transparency and a clear breakdown of a student's performance in each component of their assessments.

View Results →

### Rules & Regulations

The other important information related to the assessment is provided here under the name, student credential verification, convenance of CGPA (Performance of marks), Re-evaluation period of services, students are requested to coordinate with these details.

View More →

### Obtaining Certificates

Certificates will be available for collection upon successful completion of exams. They intended for details on certificates distribution dates and procedures.
