Experience Certificate

This is to certify that Mr. Vankadari Aditya has worked as Junior Research Fellow in my project sponsored by DST titled "Construction and characterisation of chimeric proteins comprising immunodominant regions of outer membrane proteins for their applications as vaccine molecules against Salmonella, Shigella, E. coli and Proteus". Mr. Aditya has worked in this project for 11 months from May, 2017 to April, 2018. During his tenure, Mr. Aditya has performed various experiments such as DNA isolation, primer synthesis, gene amplification, cloning, protein expression studies, different formats of ELISAs, purification of IgY antibodies and aptamers. He had also registered for Ph.D. and given pre Ph.D. course work examination.

During his association with me, Mr. Aditya showed a lot of enthusiasm towards research. He has a habit of completing the given task in stipulated time. He is capable of troubleshooting problems encountered during research experiments. I believe that he is capable of working in challenging research areas.

I wish him the very best for his future endeavours.
