Following are the points discussed and resolutions made during this meeting:

1. Choice Based Credit System (CBCS) is practiced in the curriculum
2. The feedback from various stakeholders is carefully collected, analyzed and their suggestions are implemented in the curriculum.
3. Structure of all Six Semester of BCA programme is finalized. The BCA Programme structure is given in (Annexure -I)
4. The curriculum is encompassing the courses that enable employability or entrepreneurship or skill development (Annexure-II) and 51% of syllabus revision was carried out.
5. In the BCA programme revised regulation R13, the substantial changes are made in the content of all courses and hence the courses are considered as new courses (Annexure-III)
6. The board felt happy that all AICTE proposed mandatory courses are included in the programme.
7. The board suggested the following themes need to be incorporate:
 - (i) Coding Skills
 - (ii) App Technologies
 - (iii) Networking
 - (iv) Hardware/ PC Software
8. The member of board proposed to offer statistics course in the place of probability and statistics.
9. Major restructuring has taken place in the Curriculum with theoretical courses amalgamated with laboratory sessions and skill components added to the courses. The percentage of curriculum revision is 43% for the program BCA
10. The member of board recommended inclusion of PC Hardware, Office Tools (like word, excel and power point) in IT Workshop.
11. The members of board recommended inclusion of courses like Python and R relevant to Data science.
12. The board recommended integration of the lab courses with respective theory courses as per recent skill based orientation proposed by AICTE.
13. The members of board have proposed to change the fundamentals of information security course name as computer network security, which will cover information security, computer security and network security issues relevant to latest issues.
