Fire is the most dangerous elements of the universe. It can be made a great use if trained well, but sometimes, the situations can be out of control leading to fire accidents. As a part of this, a total of 30 student coordinators with a faculty coordinator went to Vignan's Junior college and projected a power point presentation and explained measures required to escape from fire. Dr. K.V.Krishna Kishore, NSS Programme Officer motivated and guided the coordinators.

Awareness Programme on Helmet and Safe Driving

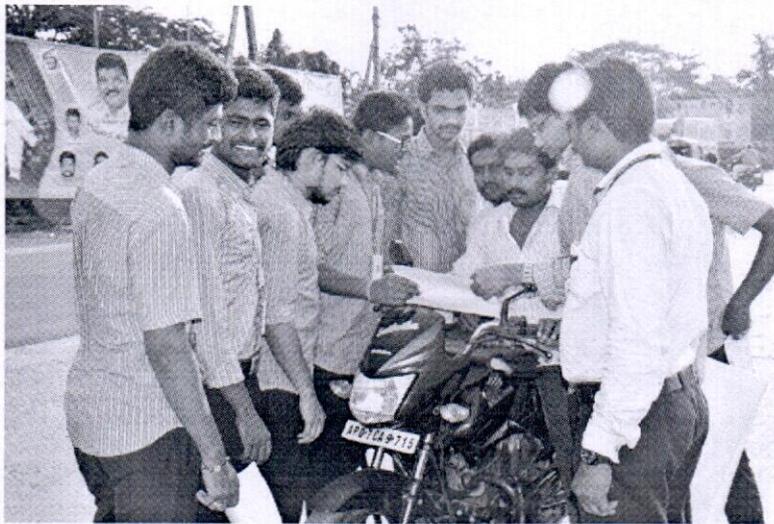

Date: 30.07.2015

Venue: Narakoduru village.

Road accidents are the most unavoidable circumstances happening in the present situation. This is what the NSS of VFSTR has observed and came up with the idea of an awareness rally to depict the importance of following traffic rules, mostly usage of helmet. Mr. Vijaya Babu Palukuri S&H (First year) Faculty Coordinator motivated and guided the coordinators before the event began. As a part of this, 25 student and one faculty coordinators participated in the rally and strived hard, and were successfully able to get the expected output.

Volunteers from the different departments of university rewarded motorists wearing helmet by giving them a tree sapling. Those who did not wear a helmet were stopped and given advice in the form of an awareness pamphlet. 25 volunteers and a faculty member joined hands with police personnel and raised awareness on the importance of wearing helmets.

The NSS coordinator Mr. D. Suresh Babu and Narakoduru police officials from the Traffic Wing took part in the campaign.

Organ Donation Day Awareness Programme at Govt. Schools

Dt :27.11.2015

Venue: Narakoduru

Organ donation is most essential responsibility one can ever take. This is sadly known to very few adults and in case of children, not even 3 out of 10 children are aware of organ donation. The Session was started by explaining the importance of Organ donation and the process in society. Later we explained to them which organs they can donate, how the organ functions after removing it from the body, and what is the maximum period that the organs can function. And also we discussed the real-life stories of organ donors. Student's interaction with us was also pretty good. We have asked them to create awareness to their parents and neighbours of their locality.

Mr.VijayababuPalukuri S&H Faculty Coordinator motivated and guided the coordinators. Team NSS of VFSTR has planned to organize a seminar to spread awareness on organ donation to the students of Government schools around the campus. For this, a total of 30 student coordinators along with a faculty coordinator served and made things happen.

Pulse Polio Program at Vejedla High School

Date: 18.01.2016

Venue: Vejedla

Pulse polio is an immunisation campaign established by the government of India by vaccinating all children under the age of five years against the polio virus. The project fights polio through a large-scale. India is one of the largest countries where children are affected with Polio. Mr D. Suresh Babu NSS Coordinator coordinated and guided the coordinators before the event began. There are always constant efforts from the government by providing polio drops across the country in large scale for free but sadly it is not being utilized by many of the citizens. Team NSS of VFSTR understood the cause and decided that it would be great if the children, who can directly reach their parents. For this, a total of 35 student coordinators and 2 faculty coordinators worked and made things possible with a very professional and understandable manner.

Providing Transport Facility

Date: 21.03.2016 to 09.04.2016

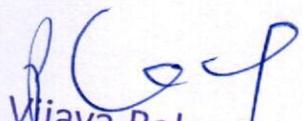

Venue: ZPH School Vejendla to ZPH School Narakoduru

Government schools in remote/rural locations in India do not provide transportation facility to the students. As a policy, many a times the students need to travel to different a location which is assigned as their exam center. For the same, no separate conveyance is provided by the government and the students are all on their own. To ease their transportation, both in terms of monetary and safety, a larger institution in the vicinity could be helpful. Since Vejendla is one of the villages that VFSTR has undertaken, this service was thought to benefit such students and hence, the event was taken up. With just two buses to spare, a safe transportation was provided to the students appearing for board exam from ZPH School, Vejendla to Narakoduru. The service spanned from 21.03.2016 to 09.04.2016. Mr. D. Suresh Babu NSS coordinator coordinate the entire programme.
