Awareness Fire Safety Measures in Vignan Junior College.

Date of event: 11.07.2019

Venue: Vignan Jr. College

A volunteer of VFSTR has conducted an awareness programme on fire accidents at Vignan Jr. College on 11th July 2019. Students of Jr. College have raised questions after listening to a ppt presentation. 35 volunteers and one faculty conducted the programme successfully. The Jr. College principal appreciated the effective presentation made by volunteers. Escape Plan Basics like verifying doors and windows explained by showing some videos and picture. This programme helped the junior college students to know about the safety measures and possible ways of fire accidents and precautions that have taken to prevent fire accidents.

2019-20 Report

SwachhVignan

Date: 13.07.2019

Venue: VFSTR

Mr. Narendra Modi, the Prime Minister of India, has launched the "Swachh Bharat Mission" to accelerate the efforts, to achieve universal sanitation coverage and to put a focus on sanitation. In this regard, the university had organized "Cleanliness Drive" on 13th July 2019 at H Block. The first year UEAC coordinator from the university had inaugurated the programme and the faculty and 150 students were actively participated in cleaning the back-side corners of the H-block (Bick parking place). The main purpose of this programme is to create awareness for the students regarding cleanliness and its benefits. Under this programme, the UEAC Volunteers, the maintenance staff had actively participated. Dr. VijayaBabuPalukuri had delivered the speech about the importance of sanitation. This reveals that 'Cleanliness is next to Godliness' for human beings. It plays a vital role in our daily lives and it is the state of keeping clean and remains away from dirt to achieve and maintain good physical and mental health". The UEAC Volunteers, the maintenance staff has done a successful noble job.

Conducted Swachh Vignan program by the UEAC Unit in VFSTR premises

Outcome of the event: 150 Volunteers involved in the event. The students and the staff of VFSTR organized cleanliness in the university. By this event, the students got to know about the importance of cleanliness and its benefits. Students don't get affected by the diseases as most of the time live in the campus, if they keep campus surroundings neat and clean. It keeps us healthy and strong.

JagannathaRadhaYatra

Date: 20.07.2019

Venue: Tenali,

On the auspicious day of Sri Krishna RadhaYatra, VFSTR University- under the guidance of the UEAC Programme Officer Dr. K.V. Krishna Kishore and Mr. P.Anandha Kumar from IT dept. extended a helping hand to help the Iskon organizers group to organize the devotional event successfully at Tenali on 20.07.2019. Starting from Nazerpet - ISKCON, the RadhaYatra took Jagannath, Baladev, and Subadra in a palanquin through the roads of the town and reached Shivajichowk. Volunteers were assigned to control the people for completion of the rally in a peaceful way. Some volunteers were allocated the responsibility of guiding the vehicles without affecting the traffic and distribution of prasadam from ISKCON to all the public.

Volunteers were involved in various activities like distribution of the Food, traffic control, pulling the palanquin, supplying water for the thirsty Public, serving food, kolattam and some other miscellaneous works needed. The Vignan Students had got the appreciation from the Traffic Police for controlling the traffic by HUMAN CHAIN.

All the 60 volunteers participated actively and made the auspicious day more delightful. In this way, the event ended with a lot of energy, devotion, and willpower. Our University had provided the transportation facility for the volunteers.

The UEAC volunteers involving in serving food and traffic control.

The Outcome of the event: The UEAC team helped the ISKCON persons by serving food, water, and traffic control. Students got to know how to control traffic and smoothly organize the event.

Blood Donation Camp

Date: 28.07.2019

Venue: VFSTR

On the occasion of Chairman Sir's birthday, the UEAC (University Extension Activities Council) unit of VFSTR had organized a blood donation camp in the university premise at three places i.e., at the library, pharmacy and U block's on 28.07.2019 in association with "Needs Blood Bank, Guntur". The Blood Donation Camp was started from 9:30 AM to 3:00 PM by UEAC Wing. On this occasion, Dr. K. V. Krishna Kishore, the university UEAC Programme Officer, and Dr. P. Vijay Babu, UEAC first-year coordinator were participated and also encouraged the students to participate in this mega event. The honourable Vice-Chancellor and the UEAC Programme Officer have expressed their happiness for the participation of students in the event. The students and staff have made the blood donation camp a grand success. 434 members have donated the blood during this event. The number of student donors from the three blocks is as follows: - pharmacy (140), U block (80) and the library block (214). The count in the event has embarked with lots of joy and willpower.

The Blood Donation Camp Organized by the UEAC Unit

Outcome of the event: Students of VFSTR got awareness on donating the blood and also the faculty members were voluntarily participated in donating the blood. Students came to know about the donation of blood and its benefits with this camp. We got to know that with the blood donation, we can save one life and also we can increase the blood count. 15 faculty have participated in this event.

Total 434 Students have involved in this event as volunteers and donors. Student volunteers have planned the event, announced in the classes, created awareness on importance of blood donation, organised the camp systematically, and prepared the report on the camp.

Helmet Awareness and Safety Driving at Narakoduru Junction

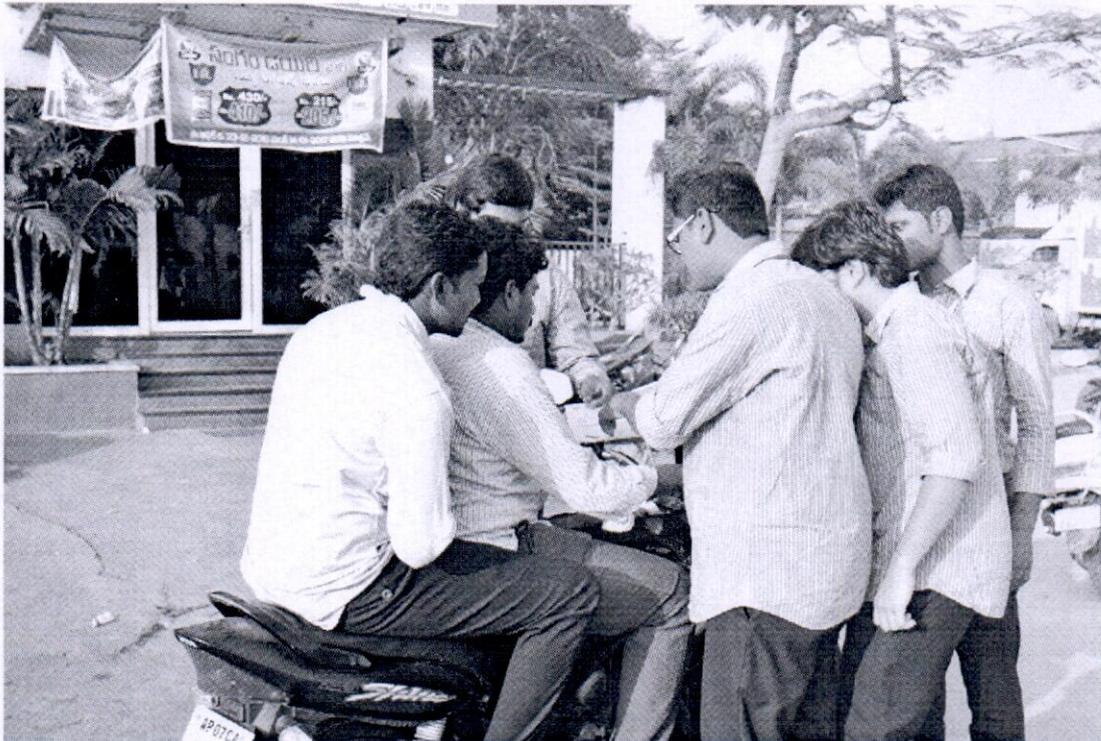

Date:30.07.2019

Venue: Narakoduru

Members of UEAC conducted a road safety and helmet awareness campaign at Narakoduru Junction on 30.07.2019 Tuesday.

Volunteers from the different departments of university rewarded motorists wearing helmet by giving them a tree sapling. Those who did not wear a helmet were stopped and given advice in the form of an awareness pamphlet. Sixty-two volunteers and a faculty member joined hands with police personnel and raised awareness on the importance of wearing helmets.

The UEAC coordinator Mr. D. Suresh Babu and Narakoduru police officials from the Traffic Wing took part in the campaign.

Awareness Program on Higher Education at Vejendla

Date: 03.08.2019

Venue: Vejendla

Students in government schools nowadays are facing a problem of not having an idea on what to do after the completion of their high school studies. This was noticed by the student volunteers of the Department of Information Technology, Vignan's University and took an initiative and organized an awareness campaign on higher education for the students in Vejendla ZPH School. A total of 50 volunteers who are pursuing their B.Tech degree in the branch of Information Technology and Electrical & Electronics Engineering were participated in this campaign and addressed the total of 130 SSC students. Initially, an inquiry session was started to know the amount of knowledge they know before the conduction of the camp at 11:30 AM. After completion of inquiry session, shared information on different types of courses, eligibility criteria and the steps to follow to reach after X class to the 10th Class Students. Student volunteers gave a detailed explanation of further studies i.e., on under graduation and post-graduation courses and availability of scholarships. After that, a small introduction about the importance of sports was also explained and the event was ended up at 1:00 PM. All the students were actively participated in the session and made it a grand success.

Awareness program on Higher Education at Vejendla by the UEAC Unit.

The Outcome of the event: The government school students are facing a problem of not having an idea on what course to do, after the completion of their 10th standard. 200 schools students are benefitted by this event. Volunteers understand standards of school students and their academic standards. Volunteers learned organising, management and communication skills by demonstration and involvement in this event.

Swachh Bharat at Sangamjagarmudi
A commitment to social development

Date: 10.08.2019

Venue: Sangamjagarmudi.

Led by our UEAC unit, our students took part in Swachh Bharat Program, a mega cleanliness drive at Sangamjagarlamudi village on 10/ 08/2019 between 02.00 - 04:00 PM as per the schedule. All Departments took Swachh Bharat pledge and participated in maintaining the clean surroundings in Sangamjagarlamudi village. Each & Every individual participated in this program and volunteered their services in clearing the village roads and veterinary Hospital. They cleared the wild growth of plants and removed garbage. On this occasion, UEAC Program Officer Dr.K.V. Krishna Kishor and UEAC VFSTR coordinator, D. Suresh Babu, motivated the students and created awareness on the importance of clean environment asking them to organize these kind of events not only in the college, but advised them to undertake the similar programmes in the surrounding villages also. 'Swachh Bharat programme facilitates a clean India, the vision of our father of India, Mahatma Gandhi,' students were told. All students participated with activity to the core and were well connected to the people there and to the programme. K. Sreelatha, the Village secretary and Sk. Saidulu village assistant were present.

Conducted Swachh Bharat programme in Sangamjagarlamudi village

Gram Sabha

Date: 17.08.2019

Venue: Vadlamudi.

VFSTR has adopted five villages for their development in collaboration with district administration. A gram Sabha was called on 17th August 2019 which was attended by the Gram Secretary, Mr. Sekhar and village former sarpanch, and 54 student volunteers along with a faculty member and more than 35 villagers including women of all age groups and the children attended the Gram Sabha. Dr. Vijayababu Palukuri Coordinator, Unnat Bharat Abhiyan addressed the meeting and many problems were brought out through discussion. A few of these are as follows:

1. No proper drainage system of wastewater. The situation becomes worse during monsoons when all the dirty water gets collected and produces foul smell and infections. This water flows through the streets resulting in all roads being slushy.
2. No proper place for putting garbage. The villagers are not segregating the wet and the dry garbage and even they are not using dustbins.
3. The water is being wasted during washing, bathing, cleaning cattle and other domestic animals as the taps runs continuously for hours together.
4. Mostly all the families have toilets but even then, they go to fields for nature's call.
5. Extensive use of pesticides which has also destroyed the organisms that were natural manures and used as rich fertilizers for crop productivity.
6. The women folk are not aware of the products which are used as hygiene products and can help in eliminating and reducing skin and other such infections.
7. The women are looking for a healthcare centre in their village only which can provide the facilities during pregnancy and childbirth.
8. Use of polythene has reduced to a great extent.

During this meeting the women were taught to follow the hygiene principles like washing hands with soap before and after having meals and after using toilets. They were also given information regarding girl education, BetiBachaoBetiPadaocampaign, cleanliness, sanitation, personal hygiene and other such related issues.

Conducting Sports at ZPH School Angalakuduru

Date: 21.08.2019

Venue: Angalakuduru

It was a great session today that the UEAC Unit had gone through Angalakuduru Govt. High school children, as sports are playing a key role in good health. So we had involved in this session to encourage the children to involve in sports. Some of our volunteers involved in games like kho-kho, Kabaddi with the children. It was a great time that we had spent with the children. The children had also participated actively in the sports. Most of the students had shown so much interest in sports. They concluded that including academics they should also involve in sports. By this session, I hope that they can have at least 4 games period for a week which improves their health. The event ended up at 1:30 pm and all the students were back to their regular academic works. The programme was coordinated by Mr. Suresh Babu.

Outcomes: UEAC volunteers to explain awareness on the sports for school student and involve them to play games with us. Student gets to know about the importance of sports and by playing sports students will be in healthy and fit. By playing sports for nationals' students will get a job in government sector also.

AWARENESS ON HIGHER EDUCATION

Date of event: 21.08.2019

Venue: ZPH School Sangamjagaralamudi

Students in government schools nowadays are facing a problem of not having an idea of what to do after the completion of their high school. This was noticed by the students of the Department of Information Technology, Vignan's University and came up with an initiative of organizing an awareness campaign on Higher Education for the students in **ZPH School Sangamjagaralamudi** on 21st August. A total of 50 students pursuing their third and second-year B.Tech degree in the branch of information technology participated in this campaign and addressed a total of 130 10th class students. The camp started at 3.00 PM which began with an inquiry session to know the amount of knowledge they know before the conduction of the camp. Then the courses related to the after 10th were briefly explained followed by the different types of after 10th courses and eligibility criteria and also the steps to be followed to reach the later steps. And so on went on for further studies namely under graduation and post-graduation courses. Then a small introduction about the importance of sports and armed forces was also explained and the event was ended up at 4:00 PM. All the students actively participated in the session and made it a grand success.

Outcomes: 200 School students get to know about the importance of higher education, availability of scholarships and how to reach their goals and jobs. 50 Volunteers learned

Green Campus: Tree Plantation

Date: 21.08.2019

Venue: VFSTR.

Trees play an important role in an ecosystem by maintaining ecological balance and equilibrium. Trees hold the soil in which they grow. As a result, the fertile topsoil is held securely; otherwise, it may get drained or washed away in water such as during rains and floods. Trees are the natural habitat for many wildlife species that includes mammals, birds, reptiles and insects. Trees play a vital role in climate. A micro-habitat formed by planting trees can create a green and natural area and a micro-climate that is healthy for all the life forms, including man, that inhabit the area. Everyone must involve in this type of activities. As a part of UEAC, some of the students from the Department of Electrical and Electronics Engineering involved a total of 80 volunteers planting a few plants. They participated very actively even in bad weather. The event ended up at 3:45 PM and then all the students went back to their regular academic works.

Outcomes: Students got to know about the importance of tree plantation. With the deforestation, the globalization, temperature, and pollution increases. If everyone plants the trees, then the temperature and pollution may decrease and the rainfall increases. The event was coordinated by Mr. Suresh Babu with the help of Mr. Ch. Narsimha Rao, coordinator, department of EEE.

AWARENESS OF USING ECO-FRIENDLY GANESH IDOLS

Date: 28.08.2019

Venue: Vejendla

Pollution is one of the biggest issues in the recent era. Pollution is caused by releasing various harmful chemicals into the environment from various industries, deforestation, construction, etc., among them, usage of plaster of Paris idols on occasion of " GANESH CHATURTHI" festival is the biggest problem for the rise of sea levels every year and decrease of life span of animals in water bodies. Students from Chemical Engineering Department has taken an initial step in creating the awareness of using eco-friendly Ganesh's idols.

We involved a total of 50 volunteers interacted with the students of Z P HIGH SCHOOLVejendla in creating the awareness of using clay Ganasha. We started at 2 pm from the college and we reached the school. Later we divided into seven-teams each consisting of three members. Each team was given one class. We explained to the students about the disadvantages and the contribution of using plaster of Paris in making idols with plaster of Paris. We had a great session with the students and they actively participated and made a decision of using the clay, Ganesh. They were supportive of us in making the environment eco-friendly. The session ended at 4 pm.

Outcomes:Government school students get motivated to use eco-friendly Ganesh made by the clay instead of using Plaster of Paris. By using clay idols, we can keep our environment clean and safe and also water doesn't get polluted.50 Volunteers learned importance of eco-friendly environment, organising skills, management skills and communication skills by demonstration and involvement in this event.

SwachhaVignan

Date of event 28.08.2019

Venue: VFSTR.

To accelerate the efforts to achieve universal sanitation coverage and to put a focus on sanitation, the Prime Minister of India, Mr. Narendra Modi, launched the Swachh Bharat Mission. In this regard, the university had organized Cleanliness Drive on 28th August from Main gate to guest-house of the university. The Registrar of the university had inaugurated the programme by cleaning the VFSTR campus followed by the UEAC 120 volunteers. The main purpose of the programme is to create awareness among the students regarding cleanliness and its benefits. The UEAC coordinators were played an essential part of the programme. Dr. M.S. Raghunathan had delivered the speech mentioning the importance of sanitation. It is truly said that 'Cleanliness is next to Godliness' for human beings. It plays a vital role in our daily lives and it the state of keeping clean and remains away from dirt to achieve and maintain the good physical and mental health", said the registrar. He honoured the Programme Coordinators, UEAC Volunteers, other students, maintenance staff for the successful noble job.

To create awareness among the students regarding cleanliness and its benefits.

Outcomes: The students along with Registrar of VFSTR organized cleanliness in the university. Students get to know about the importance of cleanliness and its benefits. If we clean our surroundings, we don't get affected by the diseases. It saves and keeps our life healthy. The main thing that the student gets to know is avoiding the usage of plastics items on the university premises.

Awareness on Higher Education at ZPH School Angalakuduru

Date: 31.08.2019

Venue: Angalakuduru.

Students in government schools are facing a problem of not having an idea on what to do after completion of their high school. This was noticed by the students of the department of information technology, Vignan's Deemed to be University and came up with an initiative of organizing an awareness campaign on Higher Education for the students in ZPH School, Angalakuduru on 31.08.2019. The total of 15 students pursuing their 2nd and 3rd-year B.Tech degree in the branch of information technology and EEE participated in this campaign and addressed a total of 100 students of class 10. Before the camp commencement at noon, an inquiry session was taken to check the amount of knowledge. Then different types of related courses, eligibility criteria, and also steps to be followed to reach after 10th were briefly explained. After that, the speech went on for further studies i.e., under graduation and post-graduation courses. All the students actively participated in the session and we inquired the student's performance in their academics by interacting with their teachers. The involvement and coordination of teachers made us high. We gave suggestions on studies and motivated the children not to fear and handle any situation apart in their life. We made a joyful ride with the champs by singing and pulled their talent out. We wrapped the session around 1 PM with great fun and the team made this campaign a grand success.

Outcome: After completing the 10th standard the government school students don't know what course to do and what are the opportunities they have. So, a group of UEAC students explains the students about the related courses after X and the benefits they have. After that student know about the importance of higher education and how to reach their goals and jobs.

Awareness on Digital Technologies and NSS Activities

Date: 31.08.2019

Venue: Angalakuduru

The University Extension Activity Council (UEAC) went to Angalakuduru ZPH School as a part of life skills extension activity from 11.00 AM to 1.00 PM on 31.08.2019. Around 50 students, volunteers and coordinator from FSTR went to this school to create awareness on national service schemes and digital technologies. We divided into 4 batches and took this session for 8th and 9th classes. Initially, an explanation given about NSS, made them into groups, selected some coordinators from each group and assigned them some activities. Later we explained about digital technologies and its advantages and disadvantages to them. We practically showed few children about the installation and un-installation of new apps. The main aim of our session is to bring awareness about NSS, leadership qualities in them. We also assigned some faculty to take care of them while doing activities and to make sure that they are doing or not by going to that school once a week. Around 175 school students are attended in this session.

To create awareness on Digital transactions and explain related Apps how to install and.

Outcomes: Students of government school get knowledge of technology about how to do online payments and how technology study helps. The apps used for online payments and study purpose is practically shown, explained how to install and how to use them. Students get to know about the knowledge of NSS and the things that are to be done.

Awareness Campaign on Usage of Eco-Ganesh

Date: 31.08.2019

Venue: Sangamjagarlamudi.

Vignans UEAC team of biotechnology dept. organized self-awareness campaign on the usage of Eco-Ganesh instead of plaster Paris idols for secondary school students at ZPH School SangamJagarlamudi on 31.08.2019 (Saturday). Nowadays usage of Vinayaka idols made with plaster of Paris has been increased a lot which affects our environment and as they are submerged in rivers the toxic materials present in them are polluting the water leading the lives of marine plants and animals in danger. So a total of 30 students from the biotech department shared their views on disadvantages of using Ganesh made with plaster of Paris and other non-biodegradable materials, like how they cause damage to our environment with the students. And explained them the advantages of using Ganesh, which is eco-friendly as it doesn't harm to the marine organisms and even filters impurities when dissolved in water and made them realize that it is our responsibility to protect the environment for future generations.

The camp started at 3.00pm and we started this with a discussion with students to know their knowledge in using eco-Ganesh. Most of the students seem very interested in this and they started answering quickly and we requested them to spread awareness in their family neighbours too. All the students actively participated in the event and made it a success. This campaign ended with a positive response from the students as they promised us that they would try their level best to use eco-Ganesh for worshipping.

Outcomes: Government school students get motivated to use eco-friendly Ganesh made by the clay instead of using plaster of Paris. By using clay idols we can keep our environment clean and safe and also water doesn't get polluted.

Food Awareness Programme

Date: 06.09.2019

Venue: Angalakuduru

The event was held on 6-9-2019 i.e., on Friday at Master Minds and Anganavadi Schools, Angalakuduru. The UEAC team of ECE department carried out this event under the guidance of Mr.Manikandhan, UEAC coordinator and 20 volunteers participated in the programme. The event was started from 11:30 AM and continued till 12:15 PM. We interacted with students and initiated the session about the awareness of food.

We started the session by explaining the wastage of food in daily lives and discussed what type of food items they have to take to become healthy. Later, our team discussed the effects of junk food and also the benefits of taking healthy food. Finally, the team discussed how to avoid food out of bacteria.

Outcome of the event: School Children got awareness on the effects of Junk Foods, Benefits of Healthy Food and what type of food items they have to take to become healthy.

Organ Donation Awareness program

Date: 06.09.2019

Venue: Angalakuduru

The event was held on 6-9-2019 i.e., on Friday at Sri Chaitanya Techno School and Viveka High School, Angalakuduru. The UEAC team of ECE department carried out this event under the guidance of Mr. Manikandhan department coordinator. The event was started at from 10:00 AM and continued till 11:00 AM. 50 studentvolunteersin the team took permission from the principal, interacted with students and started the session about the organ donation.

We started the session by explaining to them the importance of Organ donation and the process in society. Later we explained to them which organs they can donate, how the organ functions after removing it from the body, and what is the maximum period that the organs can function. And also we discussed the real-life stories of organ donors. Student's interaction with us was also pretty good. We have asked them to create awareness to their parents and neighbours of their locality.

Awareness on the importance of Organ donation.

Outcome of the event: Students got awareness on the importance of Organ donation i.e., which organs they can donate, how the organ functions after removing it from the body, and what is the maximum period that the organs can function. We have asked them to create awareness to their parents and neighbours of their locality.

Awareness on Higher Education

Date: 07.09.2019

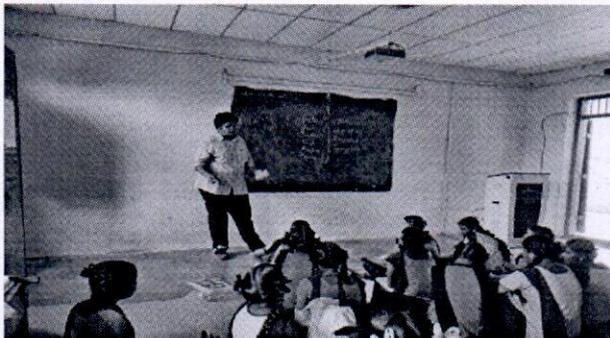

Venue: ZPH School, Chebrolu.

The university Extension Activity Council (UEAC) went to ZPH School, Chebrolu as a part of life skills extension activity from 11:30 AM to 1:00 PM on 07:09:2019. Around 15 Student members from VFSTR went to this school to create the awareness program on English and mathematics. We the team divided into 4 batches and took this session for 10th class. Initially, we explained about NSS, made them into groups, selected some coordinators from each group and assigned them some activities.

Later, we explained that English is a basic language and it is better communication to communicate with the people. Initially, we had started from the basics of English. Most importantly the parts of speech play a key role in English. We had opted on this topic for the students. Our Students explained the importance of Parts of Speech and how to frame sentences for better communication. The teachers also felt very happy about the explanation of the parts of speech by our students.

Coming to mathematics, it acts as a core subject & a logical subject for the students during their examinations and their further education. We have opted a statistics topic to explain to them because it is a very interesting and important topic in mathematics. We explained and discussed with them in brief about the importance of mathematics.

As these two subjects play a key role in student's life, in which English is for better communication and mathematics helps a lot for their studies. We had explained that mathematics is a very helpful subject which comes for engineering also. So we had explained clearly that not to neglect these two subjects, as English and Mathematics both are very important for the students for further studies.

Importance of how mathematics and English for their further education

VIGNAN'S Foundation for Science, Technology and Research, Deemed to be University,

University Extension Activity Council (UEAC)

2019-20 Report

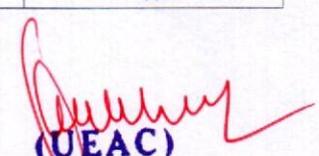

The Outcome of the event: They had concluded that this event is very helpful for them and makes them realized the importance of how mathematics and English for their further education. They had told us that they will focus more on these two subjects as they realized the importance of these subjects. They also told us that their faculty will be more helpful to get knowledge about these two subjects.

Impact: Students came to know about the importance of both English and mathematics. They came to a point that as English is for better communication and mathematics for logical thinking.

Awareness on Nutrition Food Using Body Mass Index

Date: 7th September 2019

Venue: MPP School, Suddapalli

The Department of Chemical Engineering students from UEAC has taken an initial step on creating the awareness of nutrition food on 7th September 2019 at Suddapalli village from 2.00 PM to 3.30 PM. In earlier days, the people were strong and their life span was also high. But in the present scenario, the life span is being reduced gradually and increasing the health issues due to intake of improper food. The present generation people are habituated to fast foods which cause severe health issues such as colorectal cancer, obesity, high cholesterol, and depression.

The person's fitness can be calculated by "Body Mass Index (BMI)". We will check the person's weight and height with the help of BMI. After that, if their weight and height are matched properly according to their age, then it means that the person is taking enough nutrition food according to the BMI chart. If the person's weight and height are mismatched then it means that they are not taking proper diet according to the BMI Chart. So we involved volunteers of 20 in creating awareness among students in "Hindu Mandal Parishad School" and explained how nutritious food plays a major role in their life. Also, explained to them that fast food was created for long-distance travel purpose and with that, they get minimum nutrition during the places where they could not get food for days and they used to store food for their survival.

We also explained to them the disadvantages of taking fast food and advantages of taking nutritious food to their body. We checked the weights and height of the student's and made the BMI report. Based on the BMI report, we analysed their nutrition level and showed them their nutrition level. We have also explained the awareness to the students that the importance of nutrients intakes for our body growth.

2019-20 Report

OUTCOMES:

The children's have understood the importance of nutrients food and they took a challenge of not eating unhealthy food and fast foods.

IMPACT:

Intake of unhealthy food is very harmful to our health, growth, and nourishment of the body. So we must take nutritious food to be fit and healthy. So that we can make the society and the nation fit by taking the nutritious diet in our daily lives.

Gardening and Plantation

Date: 07.09.2019

Venue: Sangamjagarlamudi

University Extension Activity Council (UEAC) team of Biotech department has planned an event of Gardening and plantation from 3:45 PM to 5:30 PM on 07.09.2019 at Sangamjagarlamudi. Around 50 students have participated in the gardening and planting trees.

"Save Trees" is a slogan used to motivate the people to save trees, to plant trees at their houses and respective surrounding areas, and by spreading the importance of planting trees. It reduces global warming on the planet earth. Department of biotechnology planned this event to plant saplings in the garden of university premises. This event has been organized as it is important & also it's our responsibility to protect trees which protect our lives. Under the guidance of Dr. Bobby madam and with the help of Siva sir, we have started our work to remove the weed plants which occupy more space and grow fast than usual plants. A weed is a plant considered undesirable in a particular situation, "a plant which grows in the wrong place". Weed plants will be a threat to other plants survival because they compete with food and occupy space. Some weeds may also cause health issues to humans such as allergies, respiratory-related problems. So we have removed as much as we can all the unwanted creepers in our university.

The UEAC team thought that it's better to encourage a bit in going green and the plantation simple solution in which people need to perform in firm schedule planted nearly 20 saplings today and 20-25 saplings on the previous day. And finally, this event ended by watering the plants using a sprinkling system.

Department of biotechnology planned this event to plant saplings in Sangamjagarlamudi

The Outcome of the event: Cleaned - The Herbal Garden (removed some unwanted weeds)
Planted - 20 plant saplings around.

Impact: - By seeing us, some other interested students joined and helped us and we're motivated to contribute and give our best.

2019-20 Report

Energy Saved is Energy Generated

Date: 07.09.2019

Venue: Sang mjarlamudi

The University Extension Activity Council (UEAC) went to Panchayat Office, SangamJagarlamudi Village from 1.00 PM to 3.45 PM on 07.09.2019.

Around 25 students from VFSTR went to this Panchayat Office to create awareness on "Electrical Safety". The Students are divided into 3 batches, took this session for Farmers. First, we gave an explanation about NSS, made them into groups, selected some coordinators from each group and assigned them some activities. Later we explained about Safety Precautions and advantages of the Electricity. We practically showed some Farmers about the operation of the equipment and advantages of earthing. The main aim of our session is to bring awareness about NSS, to educate them about electrical safety. Also, we assigned some faculty to take care of them while doing activities, and make sure to monitor as they are doing or not by going to that office once a week. Around 20 students are attended in this session.

EARTHING:

In almost every electrical installation made, the earth is used. The earthing system, also known as the grounding system, is a circuit connecting parts of the electrical system to the ground. The earthing system thus regulates the conductors to the earth's conducting surface. Hence, the term, 'earthing' is also quite appropriate and indicative.

SAFETY PRECAUTIONS OF ELECTRICITY:

We have explained the safety precautions of electricity here under:

1. Avoid water at all times while working with electricity. Never touch or try to repair any electrical equipment's or circuits with wet hands. It increases the conductivity of the electric current.
2. Never use equipment with frayed cords, damaged insulation or broken plugs.
3. Always turn off the mains when you are working on any receptacle at your home. It is a good idea to put up a mark on the service panel so that nobody turns on the main switch by accident.

VIGNAN'S Foundation for Science, Technology and Research, Deemed to be University,
VADLAMUDI-522213, GUNTUR DISTRICT

University Extension Activity Council (UEAC)

2019-20 Report

4. Always use insulated tools while working.
5. Electrical Hazards include exposed energized parts and unguarded electrical equipment, which are unexpectedly become energized. Such types of equipment always carry a warning sign such as "Shock Risk". Always be observant of such signs and follow the safety rules established by the electrical code followed by the country where you're in.
6. Always use appropriate insulated rubber gloves and goggles while working on any branch circuit or any other electrical circuit.
7. Never try to repair energized equipment. Always check that before first whether it is de-energized or not by using a tester. Check all the wires, the outer metallic covering of the service panel and any other hanging wires with an electrical tester before proceeding with your work.
8. Never use aluminium or a steel ladder when you are working on any receptacle at heights in your home. An electrical surge will ground you and the whole electric current will pass through your body. Instead use a bamboo, wooden or a fiberglass ladder while working.

IMPACT:

The farmers listened to what we have told about the precautions of electrical safety. After completion of our speech about awareness, they asked some queries about the operation of machinery. We explained to them clearly about what they asked.

The UEAC volunteers and faculty coordinator are to create awareness on "Electrical Safety".

Outcome of the Event: The farmer learned about the uses of the machines, precautions they had to take while using the electrical machines and also they learned how to save electricity.

Awareness program on New Business Techniques

Date: 7th September 2019

Venue: Vignan Jr. College

The main aim is to create awareness about the prevailing economic conditions of the country as well as the world. The members of university extension activity council (UEAC) went to Vignan Junior College, Vadlamudi to make the students aware of the present economic conditions of the country and the new business policies. Around 25 members from VFSTR went to the college and got divided into 4 groups to perform this activity.

Later, the divided groups went to 4 MPC sections and given the speech about the business awareness program and the students understood the importance of business and also they came to know that engineering is not only the course for the students of mathematics background. We explained some business topics from the basics to get an idea of what exactly the business is. The business topics explained are: an introduction to business, levels of management, HRM (Human Resource Management), marketing management and financial technology. Around 150 students attended the session and actively participated in the awareness program.

OUTCOME: Students got to know various techniques of the new trends in HRM and business policies. Students actively participated in the debates conducted by the UEAC volunteers.

IMPACT: Motivation for the students regarding the new business era that is yet to continue and spread in the future.

Team Presentation about the new business technics.

University Extension Activity Council (UEAC)**2019-20 Report****Swachh Bharat Cleaning Activity at Veeranayakunipalem****Date: 13.09.2019****Venue: Veeranayakunipalem**

Led by our University Extension Activity Council (UEAC) unit, our students took part in Swachh Bharat Programme, a mega cleanliness drive at Veeranayakunipalem village on 13.09.2019 between 2.00 - 4:00 PM. As per the schedule, 90 student-volunteers from all different Departments took Swachh Bharat pledge and participated in maintaining the clean surroundings in Veeranayakunipalem village. Each & Every individual participated in this program and volunteered their services in clearing the village roads and temples. They cleared the wild growth of plants and removed garbage. On this occasion, UEAC Program Officer Dr. K.V. Krishna Kishor, CSE and ECE Dept. UEAC Faculty coordinators, and UEAC Coordinator Mr. D. Suresh Babu motivated the students and created awareness on the importance of clean environment asking them to organise these kind of events not only in the college, but advised them to undertake the similar programmes in the surrounding villages also. 'Swachh Bharat programme facilitates a clean India, the vision of our father of India, Mahatma Gandhi,' students were told. All students participated with activity to the core and were well connected to the people there and to the programme

Energy Conservation Awareness at Sekuru Village

Date: 21-09-2019

Venue: Sekuru

The UEAC volunteers have conducted an awareness programme on Energy Conservation at Sekuru, which is a adopted village of VFSTR. 35 student volunteers and faculty coordinator has participated in it and they presented using PPT in their presentation emphasised the importance of energy and its effects and benefits. In their presentation they discussed the energies like renewable energy, Solar energy, Wind energy, Tidal energy, etc. • Non-renewable energy: Petrol, Diesel, Kerosene, L.P.G, Wood, etc. If we all take a bit of care in the Kitchen, on the road, In factories, in farms we can save energy. Approximately 75 villagers have benefited out of it.

NSS Day Celebrations - 2019

Date: 24.09.2019

Venue: Veeranayakunipalem

National Service Scheme, (NSS) was launched in 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges and Universities working for a campus-community especially in villages. NSS day is celebrated on 24th September in every year.

In this occasion University Extension Activity Council of VFSTR organised a health camp from 8:30AM-1:00PM at our adopted village Veeranayakunipalem with the help of Dr. Ashok ChakravarthyMakineni MD (General), MD (Endocrinology). The word "health" refers to a state of complete emotional and physical well-being. Healthcare exists to help people maintain this optimal state of health. Good health is central to handling stress and living a long and active life. During monsoon our immune system is weekend that may result in many water borne diseases. So a general health check-up is conducted and medicines were given to the people who require. Blood Pressure, Sugar were also checked to the old who wanted to know. Around 50 student volunteers have volunteered their services in this event by campaigning in the village inviting people and utilise the health check-up facility and seasonal deceases awareness. Many villagers about 150 came to check up and got advices on their health issues and given medicines at free of cost based on the doctor's prescription.

In the afternoon, NSS day celebrations started at 2:30PM with a prayer song and a welcome dance in Spoorthi Seminar hall, "A" block. Dr. K.V.Krishna Kishore UEAC Programme Officer addressed the gathering and talked about the UEAC activities like Swachh Bharat, Swachh Vignan, Blood donation camp, JagannathaRathaYatra, Awareness on Higher Education, Awareness on Seasonal diseases, Organ donation, Food awareness programme. Students preformed some skits on this special day conveying the awareness on organ donation and food awareness. Dr. M.Y.S Prasad, Vice chancellor of VFSTR addressed the UEAC team and talked about the NSS day. Dr. P. Vijaya Babu, coordinator-Unnat Bharat Abhiyan, UEAC faculty coordinator of Science & Humanities and Dr. Siva NageswaraRao MBA faculty coordinator were participated in this programme.

150th Birthday Celebrations of Mahatma Gandhi

Date: 25-09-2019 to 02-10-2019

Venue: VFSTR

Week Long Celebrations for Gandhi Jayanti started in VFSTR

Let's Work For World Peace@ VFSTR Campus

On the eve of Mahatma Gandhi 150th Birth anniversary week celebrations at VFSTR University, department of management studies has organized a peace rally on 25th Sept'19 lead by Cmde. M.S. Raghunathan, Registrar of the university. UEAC Students and faculty of various departments have made a threshold movement. The objective of the rally was connoted by the registrar as that if we intend to create a peaceful society we must renew our educational society, which has a scope for inculcating and upholds the values of equality, solidarity, freedom, democratic inclination, tolerance, care and respect for others. He also urged that we're honoured of his birth in this country and his work is an impulsion for our future ideas and actions.

This rally has sent a message of peace to the campus and made awareness on the importance of how Gandhi made it a milestone in the world history that peaceful will of a leader person can jolt the British Empire

150
YEARS OF CELEBRATING

**University Extension Activity Council (UEAC)
2019-20 Report**

He gave his speech about the transformation of Gandhi from stubborn to brave leader. Then he continued his speech by mentioning the 10 best qualities of Gandhi and suggested the students follow them.

The first one is discipline and time management.

The second is disliked wasting anything and the third one is being straight to everyone.

Honesty is the fourth quality which he followed until his last breath and acceptance of his own mistakes is the fifth quality.

The sixth one is truth and non-violence. The guest stressed on the seventh quality which included Bapu in spending a lot of time in reading books.

He mentioned the eighth quality of Gandhi as sticking towards his own principles and questioning towards wrong is one of best qualities of Mahatma.

The last one is strategies made by Gandhi. He added that the strategy Gandhi implemented made freedom struggle a successful one. In this esteem he specified that Gandhi Ji knew when to start the war and cited some examples in the life story Mahatma.

150th Birth Anniversary of Mahatma Gandhi celebrations held during 25th Sep to 2nd Oct, 2019 along with Swachhta Hi Seva at different departments. As part of these celebrations many competitions on various activities of Swachhhta was held for the staff, students of the university.

గుంటూరు • శనివారం 28 సెప్టెంబరు 2019 9

గాంధీ మార్గం ఆచరణీయం

• విజయవాడ ఇన్ కంటాక్ట్ ప్రొఫెసర్ కమిషనర్ డూపాల్ రెడ్డి

ఢూపాల్ రెడ్డిని సత్కరిస్తున్న ఎంపీ శ్రీకృష్ణదేవరాయలు **డాక్టర్ పంకజ్ బీషాను సత్కరిస్తున్న శ్రీనివాసబాబు తదితరులు**

గుంటూరు(విద్య), సెప్టెంబరు 27. మహాత్మాగాంధీ మార్గం సర్వదా ఆచరణీయమని విజయవాడ ఇన్ కంటాక్ట్ ప్రొఫెసర్ కమిషనర్ ఢూపాల్ రెడ్డి ఆన్నారు. వర్ణమూడిలోని విజ్ఞాన్ విశ్వవిద్యాలయంలో శుక్రవారం గాంధీజీ జయంత్యోచనాల సందర్భంగా ఏర్పాటు చేసిన సమావేశంలో ఆయన మాట్లాడారు. దేశస్థాపకులైన కోసం గాంధీజీ చేసిన పోరాటాన్ని ప్రతి ఒక్కరూ స్ఫురింపజేవాలన్నారు. విజ్ఞాన్ విద్యాసంస్థల ఉపాధ్యక్షుడు, సర్పరాసుపేట ఎంపీ లామ శ్రీకృష్ణదేవరాయలు మాట్లాడుతూ విద్యార్థులు హింసకు దూరంగా ఉండాలన్నారు. భార్యకమంలో విజ్ఞాన్ విద్యాసంస్థల చైర్మన్ లామ రత్నయ్య విద్యార్థి విభాగం డీన్ ఎం.ఎస్.ఎస్ రుక్మిణి, శారద పాల్ వన్నారు.

విజ్ఞాన్ పార్కులో..
కోగుల ఆలోగ్గు పరిరక్షణలో పార్కునిస్థల పాత్ర ఎంతోతీలకవని శ్రీరామచంద్రా మెడికల్ కళాశాల మెడికల్ విభాగాధ్యక్షి డాక్టర్ పంకజ్ బీషా ఆన్నారు. వర్ణమూడి లోని విజ్ఞాన్ పార్కులో శుక్రవారం డిసెంబర్-2019పై నిర్వహించిన అంతర్జాతీయ

సదస్సులో ఆయన మాట్లాడారు. సదస్సుకు కళాశాల ప్రొఫెసర్ శ్రీనివాసబాబు అధ్యక్షత వహించారు. సదస్సులో ఎన్ఆర్ఎం మెడికల్ కళాశాల ఆసిస్టెంట్ ప్రొఫెసర్ సురేష్ పంపరాజన్ తదితరులు ప్రసంగించారు. సింగపూర్ లోని ప్రీక్షినికల్ సైన్సెస్ సీనియర్ మేనేజర్ విశాల్ పెంజే ఢ్కర్, గుంటూరు మెడి కల్ కళాశాల బయోమెడికల్ విభాగాధి పతి జహీదా బాచో, విజ్ఞాన్ విద్యాసంస్థల చైర్మన్ లామ రత్నయ్య, ప్రొగ్రాం కోఆర్డినేటర్ రణజీవ్ తదితరులు పాల్గొన్నారు.

Organ Donation Day in Government Schools

Date: 27-11-2019

Venue: Vadlamudi

The event was held on 27.11.2019 i.e., on Wednesday at Vadlamudi School. The UEAC team of ECE department carried out this event under the guidance of Dr. Vijaya Babu Palukuri S&H department coordinator. The event was started at from 2:00 PM and continued till 4:00 PM. 48 student volunteers in the team took permission from the HM of the concerned school, interacted with students and started the session about the organ donation.

The Session was started by explaining the importance of Organ donation and the process in society. Later we explained to them which organs they can donate, how the organ functions after removing it from the body, and what is the maximum period that the organs can function. And also we discussed the real-life stories of organ donors. Student's interaction with us was also pretty good. We have asked them to create awareness to their parents and neighbours of their locality.

Awareness on the importance of Organ donation.

Aids Awareness in Surrounding Villages

Date: 01-12-2019

Venue: Vejendla&Narakoduru

1st DECEMBER 2019, WORLD AIDS DAY: The UEAC of VFSTR organized an awareness programme to aware the students of Vejendla and Narakoduru about the ill-effects of AIDS. The programme started at 10:15 am. 55 Volunteers of UEAC and two teaching staff along with the NSS co-ordinator Mr. D. Suresh Babu and 250 villagers attended the programme. Even red ribbon was seen and wore by volunteers, stands for expressing 'solidarity with HIV-positive people and those living with AIDS'. The programme begun with Dr. Krishna Kishore's speech, followed by a song "THE CLIMB" addressing the victimized people. Then, brief information was given about HIV/AIDS through PowerPoint presentation. There was some quiz session on some basic data of HIV/AIDS for the students. The 55 NSS volunteers also prepared a documentary. HIV/AIDS is not curable but can be treated and life-span can be extended for certain period. Lastly, a skit was put up to give a message that mostly, "patients die out of ignorance and not the actual disease". They even mentioned love, care and proper treatment prolongs the age of the victim. The programme was conducted in the adopted villages and response from the villagers and students from the schools was enormous. The programme was concluded by Dr. Vijayababu Palukuri NSS co-ordinator S&H Department giving a vote of thanks saying 'we should spread positive thoughts of life and not HIV positive'. "SPREAD THE MESSAGE AND NOT THE VIRUS".

Create awareness about HIV/AIDS to Vejendla and Narakoduru villages.

Swachh Bharat Programme at Vejendla Village.

A commitment to social Responsibility

Date: 14.12.2019

Venue: Vejendla

Led by our University Extension Activity Council (UEAC) unit, our students took part in Swachh Bharat Programme, a mega cleanliness drive at Vejendla village on 14/ 12/2019 between 2.00 - 4:00 PM. As per the schedule, student-volunteers from all Department took Swachh Bharat pledge and participated in maintaining the clean surroundings in Vejendla village. Each & Every individual participated in this program and volunteered their services in clearing the village roads and temples. They cleared the wild growth of plants and removed garbage. On this occasion, UEAC Program Officer Dr. K.V. Krishna Kishor, CSE Dept. UEAC Faculty coordinator, Mr. Simhadri China Gopi, and UEAC Coordinator Mr. D. Suresh Babu motivated the students and created awareness on the importance of clean environment asking them to organise these kind of events not only in the college, but advised them to undertake the similar programmes in the surrounding villages also. 'Swachh Bharat programme facilitates a clean India, the vision of our father of India, Mahatma Gandhi,' students were told. All students participated with activity to the core and were well connected to the people there and to the programme

The UEAC volunteers actively participated in Swachh Bharat program at Vejendlavillage.

Awareness program on Higher Education in Surrounding High Schools

Date: 21st December 2019 to 22th March 2020

Venue: Vejendla, Sangamjagarlamud, Sekuru, Narakoduru, Chebrolu and Angalakuduru.

Students in government schools now a days they are facing so many problems of not having idea what to do after their completion of their high school. This was noticed by the students of the Department of Information Technology, Vignan's University and came up with an initiative of organizing an awareness campaign on higher education in every Saturday for the students in Vejendla, Sangamjagarlamud, Sekuru, Narakoduru, Chebrolu and Angalakuduru ZPH School. A total of 15 UEAC volunteers perusing their third and second year B.Tech degree in the branch of information technology participated in this campaign and addressed a total of 900 10th class students. The camp started at 11.00 AM on Saturday which began with an enquiry session so as to know the amount of knowledge they know before the conduction of the camp. Then the exam was held for both 9th and 10th standard students to know how much knowledge they have. Then finally the papers are evaluated to know how much knowledge they have. We had given some suggestions related to their academics. Then the courses related to the after 10th were briefly explained followed by the different types of after 10th courses and eligibility criteria and also the steps to be followed to reach the later steps. And so on went on for further studies namely under graduation and post-graduation courses. Then a small introduction about importance of sports and armed forces was also explained and the event was wind up at 1:00PM. All the students are actively participated in the session and made it a grand success.

The students got awareness importance of higher education after 10th class.

Distribution of Clothes, Blankets, Mats and fruits to Needy people at Ponnuru

Date: 28th December 2019

Venue: Ponnur. Goothala Swami Ashramam

The basic needs of human beings are food, shelter, and clothing. Crores of people are living far below the poverty line, lacking basic necessities. We see many old parents abandoned by their own selfish children, struggling for food and clothes. Many leprosy and HIV affected patients drag their lives in utter misery. Many spend nights on the foot paths and railway platforms barely having anything to cover themselves with from the cold or rain. Alleviating their suffering is our basic responsibility as human beings.

Many poor people, whose life is a daily struggle, cannot afford even these basic amenities. The students of Vignan's University Vadlamudi on behalf of UEAC (University Extension Activity Council) is working on providing these essentials to the needy by donating and distributing Clothes, Blankets and Mats in Goothala Swami Ashramam on 28th December 2019 at Ponnur. The VIGNAN'S University provides these services especially who is living in old age homes. Distribution of Clothes, Blankets and Mats to the needy people.

UEAC team of VFSTR was distribution of Clothes, Blankets, mats, fruits to Goothala Swami Ashramam on 28th December 2019 at Ponnur.

Awareness program on Road Safety

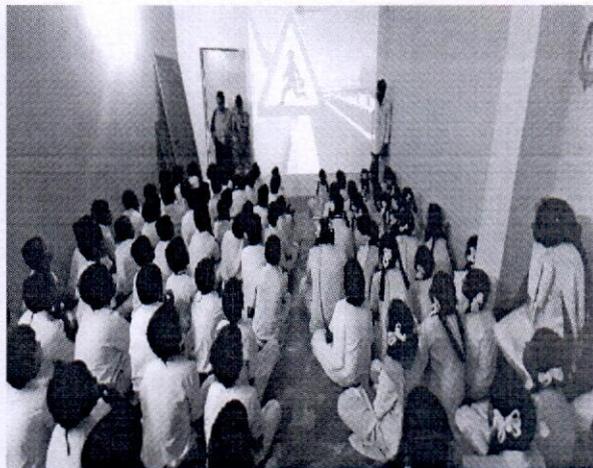

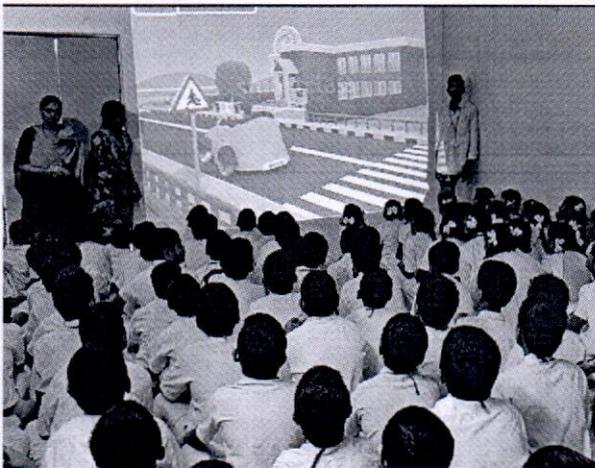

Date: 04.01.2020

Venue: Chanakya High School Vadlamudi

A road safety awareness campaign is conducted in order to create awareness among the students of Chanakya High School regarding traffic rules and to reduce casualties of road accidents. Due to lack of awareness, many lose their lives and leads to pain and sufferings. The theme of the road safety campaign was "SadakSuraksha- JeevanRaksha."

In this campaign, UEAC team went to Chanakya High School in Vadlamudi village. The students of 6, 7th classes participated in this event. We taught them about different road safety measures like traffic rules, various traffic sign boards.

The programme was conducted with the aim of creating awareness among the children about rash and negligent driving as they are the upcoming citizens. We urged the students to follow the traffic rules like wearing helmets while riding two wheelers, wearing seat belts etc.to have a safe ride.

UEAC volunteers of VFSTR to create awareness on traffic rules and road safety at for upcoming younger at Chanakya high school Vadlamudi on 04.01.2020.

Outcome of the event: The UEAC volunteers guided to school students with various traffic rules and regulations, Police helpline no's, and answered all the queries of the students related to road accidents and traffic rules. Maximum number of students and teachers participated with full interest and sincerity towards this menace issue.

Awareness program on Plastic Minimization

Date: 04.01.2020

Venue: Vejedla

On 04th January 2020 Saturday, as a part of UEAC Activities "Awareness program on Plastic Minimization". One day awareness on Plastic Minimization was held at ZPH School Vejedla, Students from 8th and 9th classes actively participated in the program. The program was organized by Life Skill activity cell students of VFSTR.

The program started with the introduction of volunteers and organizing team followed by presentation about the plastics and its impact upon human health and environment. Students were amazed knowing that plastics are made of petroleum product and gases found in earth. The two way communication between the presenter and the students gave outstanding result in terms of learning and sharing knowledge. Moreover, students became clear about the effects of plastics on human health and how it affects our body like endocrine glands causing obesity, heart disease, male genital abnormalities, cancer, autism and what not!

On questioning the students, "How can we save our environment from poly bags? Amazing feedbacks as, minimization of plastics, using eco bags like jute bags, paper bags, cotton bags, were heard from the students. They learned how they can create awareness to save our environment from plastic bags as well. After knowledgeable presentation, a short infotainment video was shown. The animated video was about our environment, how human is rapidly polluting the earth and misusing the resources in name of sustainable development and exploiting other animals for their extravagant needs. Students respond to the video in positive way, some of them said our eco system is being hampered, some said its destruction of the earth, and we even heard someone from the mass saying that humans are being more and more self-centred!

The overall program was more fruitful. The concern of the children and teachers towards the campaign made it more prosperous. If not more, we are sure that those students would be responsible citizens who care for the environment and reduce use of poly bags as we do.

Emerging Technologies in Computers

Date: 04.01.2020.

Venue: SangamJagarlamudi ZPH School

Now a days students need to know the current trends and also the future emerging technological trends in computers. As they are the next generation, they need to know and be updated about every advancement in technologies. This was noticed by the Department of Computer Science Engineering and came up with the initiative of organized a session based on Emerging technologies in computers. A total of 20 students pursuing Engineering 3rd year in the specialization of Computer Science and we took the initiative to collaborate with the life skills Extension activities team of the Computer Science Department. In this session UEAC team of VFSTR was create the awareness program on emerging technologies in computers. The total 130 10th class students in ZPH school SangamJagarlamudi. The session started at 11:30. UEAC student volunteers have gathered all the information and prepared presentation using Power Point slides. The HM of school Mr. Siva Rama Krishna, and all staff members and Students expressed their happiness and also thanked to the UEAC volunteers for their excellent support in organising such useful awareness programme. The team assessed the point of knowledge they have on computers. The session carried on with the detailed showcase of computers from evolution to emerging technologies. At last, there was talk of comparison between knowledge and marks. The team wished the students all the best for their exams and the future. All the students participated actively and the session lasted full of energy and sharing of knowledge.

To aware of new technologies for 10th class students at ZPH School Sangamjagarlamudi.

Road Safety Awareness Week

Dat : 10-01-2020

Venue: Narakoduru, Chebrole

VFSTR (Deemed-to-be University) celebrated road safety week in order to create the awareness among people regarding accidents caused by errors in driving. Narakoduru and Chebrole Traffic police and 60 student volunteers have participated to address the students at two schools. The program concentrated on the errors which the vehicle driver and pillion riders make highlighting the reasons to avoid risky driving. Rules, which have been made for the safety of the follower, need to be abided by, as breaking them can put themselves along with others at risk. They stressed that two-wheeler or four wheelers drivers should follow the road safety rules, wear a helmet, etc., By following the safety rules the number of accidents can be contained and further save human lives. They reiterated that wearing ISI helmet is recommended. The program also disclosed the new traffic violation fine structure. Mr.D.Suresh Babu UEAC coordinator concluded the event by thanking the traffic police officers and school administration for their support in organising the programme. He also requested students to be careful while driving on the roads as accidents not only bring pain to the injured but also to the loved ones.

To create awareness about the road safety to Narakoduru school students and staff.

Pulse Polio Programme in Vejendla High School

Date : 18-01-2020

Venue: Vejendla

Pulse Polio immunisation campaign was conducted by VFSTR which was established by the government of India to eliminate poliomyelitis (polio) in India by vaccinating all children under the age of five years against the polio virus. The project fights polio through a large-scale, pulse vaccination programme and monitoring for poliomyelitis cases.

The volunteers have emphasised the importance of polio vaccine and its benefits were clearly explained that the children below the age of five benefited from the Pulse Polio Programme and asked to inform the same to the people nearby houses. More than fifty student volunteers have participated in event. Mr. D. Suresh Babu UEAC coordinator has monitored the programme.

List of volunteers:

“Dream, Discover and Do” - Kailash Satyarthi @ Vignan University

Date: 1.01.2020

Venue: VFSTR

“Dream big, Discover your path, inner power and outside opportunities and lastly Do” – Nobel laureate Kailash Satyarthi quoted in a seminar held at Vignan University, Guntur. Kailash Satyarthi, Nobel Prize for Peace winner (2014) for “Struggle against the suppression of children and young people and for the right of all children to education”, visited Vignan University to address the students and motivate the younger generations towards the eradication of child labour, child abuse, child and women trafficking and forced slavery.

Varsity Chairman Dr. LavuRathaiiah introduced Kailash Satyarthi to the students of the varsity and said that he started the Vignan group of institutions for providing higher education to the students who are quitting the studies after 10th and Intermediate 40 years ago and he felt very privileged with Satyarthi's presence in the Vignan University. Varsity chairman also mentioned that an amount of rupees 5 Lakhs to the Kailash Satyarthi Children's Foundation is donated as a token of love towards deprived children.

Kailash Satyarthi – the name that is resonating all around the world is going to visit Vignan University to share his thoughts and experiences with the family of Vignan University. Mr. Satyarthi is the second Indian after Mother Teresa to win Noble Prize for Peace after 35 years for the “Struggle against the suppression of children and young people and for the right of all children to education.”

The presence of the Nobel Laureate, Dr. Kailash Satyarthi was one of the greatest Guests Vignan has seen, as the whole of the convocation hall reverberated with his powerful speech, following the documentary on how he fought child labour. We surely had some points to take note of, and remember for the rest of our lives.

Satyarthi asks students to work hard to achieve goals

Nobel prize recipient Kailash Satyarthi speaking at a programme at Vignan's University in Guntur district on Tuesday

HANS NEWS SERVICE

Guntur: Nobel prize recipient Kailash Satyarthi said that development is possible with education.

Speaking at a seminar on 'Global

campaign for child education' at Vignan's University here on Tuesday, he said that students can achieve anything with hard work.

Any country cannot achieve development with weapons, he said and added it could achieve development with education only. Countries should give priority to educate the people to achieve development, he said and suggested the students to set big goals and do hard work to achieve them. "There is no substitute for hard work. Those settled in big companies as CEOs had started career in small companies. With their effort, they occupied good positions later. Those who achieved success are heroes in real life. It is responsibility of the students to show solution to the problems in society," he said.

Vignan Group Chairman Dr Lavu Rathaiah announced Rs 5 lakh donation to Kailash Satyarthi Children Foundation.

Narasaraopet MP and Vignan Group Vice-Chairman Lavu Sri Krishnadevarayalu was also present in the meeting.

Swachhata Pledge Taking Ceremony

Date: 16.01.2020

Venue: VFSTR

Swachhata Pledge taking Ceremony:

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed. Mahatma Gandhi secured freedom for Mother India. Now it is our duty to serve Mother India by keeping the country neat and clean.

- I take this pledge that I will remain committed towards cleanliness and devote time for this.
- I will devote 100 hours per year that is two hours per week, to voluntarily work for cleanliness.
- I will neither litter nor let others litter.
- I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.
- I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.
- With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.
- I will encourage 100 other persons to take this pledge which I am taking today.
- I will Endeavour to make them devote their 100 hours for cleanliness.
- I am confident that every step I take towards cleanliness will help in making my country clean.

BLOOD DONATION CAMP

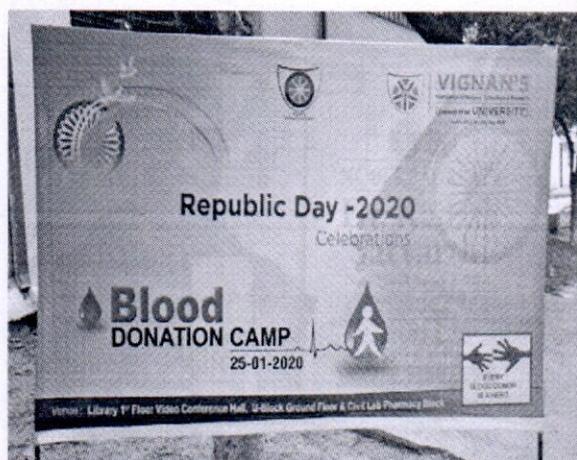

(GIVE BLOOD GIVE LIFE

Date: 25.01.2020

Venue: VFSTR

A Blood Donation Camp was organized by UEAC (University Extension Activity council) Unit of VFSTR on the occasion of Republic Day 26th January 2020. UEAC Unit of VFSTR conduct blood donation camp in the campus on 25/01/2020 it was held in three venues (NTR library video conference hall, 1st floor, U block ground floor and civil lab in Pharmacy block). A team of 20 doctors and 30 lab technicians of Needs Blood Bank came for collection of blood. The event started from 9.AM. Dr. K. V. Krishna Kishore UEAC Programme officer enlightened the students with his words and every donor is saving the lives of the injured and the sick. As part of the camp 370 students from the all departments and 15 faculty members have donated the blood. The Needs Blood Bank awarded the student with certificates of appreciation for their voluntary work. The Program Officer Dr. K. V. Krishna Kishore announced that in case of any emergency, to approach the blood bank for blood.

The activity of blood donation was started by UEAC volunteers of thereafter other donors joined the event. There was an overwhelming response from students a total of 385 units were collected in the camp. A Certificate of appreciation, donation card, and refreshment was given to each donor as a token of gratitude.

As part of the camp 370 students from the all departments and 15 faculty members have donated the blood.

**370 మంది విద్యార్థుల
రక్తదానం**

చేబ్రోలు: రక్తదానం ప్రాణదానంతో సమానమాని విజ్ఞాన్ యూనివర్సిటీ వీసీ ఎం.వై.ఎస్ ప్రసాద్ అన్నారు. చేబ్రోలు మండలం వడ్లమూడిలోని విజ్ఞాన్ యూనివర్సిటీలో ఆదివారం విద్యార్థులు రక్తదానం చేశారు. భారత గణతంత్ర దినోత్సవం సందర్భంగా ఎన్ఎస్ఎస్ విభాగం ఆధ్వర్యంలో రక్తదాన శిబిరాన్ని నిర్వహించారు. ఎన్ఎస్ఎస్ ప్రోగ్రాం ఆఫీసర్ డాక్టర్ కేవీ క్రిష్ణకిషోర్ మాట్లాడుతూ ప్రమాదాల సమయంలో బాధితులకు రక్తం అవసరం ఎంతో ఉంటుందని చెప్పారు. ఈ సందర్భంగా విజ్ఞాన్ యూనివర్సిటీకి చెందిన 370 మంది విద్యార్థులు రక్తదానం చేశారు. కార్యక్రమంలో ఎన్ఎస్ఎస్ సమన్వయకర్త డి.సురేష్ బాబు సీబ్బంది పాల్గొన్నారు.

రక్తదానం అంటే ప్రాణదానమే

- లిపజిక్ డే సందర్భంగా విజ్ఞాన్లో రక్తదాన శిబిరాలు
- 370 మందికిపైగా విద్యార్థుల రక్తదానం

రక్తదానం చేస్తున్న విజ్ఞాన్ యూనివర్సిటీ విద్యార్థులు

చేబ్రోలు, జనవరి 28 (ప్రభస్పర్శ): రక్తదానం ప్రాణదానంతో సమానమని విజ్ఞాన్ యూనివర్సిటీ వీసీ డాక్టర్ ఎం.వై.ఎస్ ప్రసాద్ తెలిపారు. చేబ్రోలు మండలం వడ్లమూడిలోని విజ్ఞాన్ యూనివర్సిటీలో ఆదివారం విద్యార్థులు రక్తదానం చేశారు. ఆదివారం భారత గణతంత్ర దినోత్సవం సందర్భంగా ఎన్ఎస్ఎస్ విభాగం ఆధ్వర్యంలో యూనివర్సిటీలో ఆదివారం రక్తదానం శిబిరాన్ని నిర్వహించారు. ఈ కార్యక్రమానికి ముఖ్య అతిథిగా హాజరైన ఎన్ఎస్ఎస్ ప్రోగ్రాం ఆఫీసర్ డాక్టర్ కేవీ క్రిష్ణకిషోర్ మాట్లాడుతూ ప్రపంచవ్యాప్తంగా ప్రతిరోండు సెకన్లకు ఎక్కడో ఒక చోట ఎవరో ఒకరికి రక్తం అవసరం అవుతూనే ఉన్నదని తెలిపారు. విద్యార్థులు తాము రక్తదానం చేయడంతోపాటు మిత్రులను కూడా ఈ మహత్తర కార్యక్రమంలో భాగస్వాములను చేయాలని కోరారు. రక్తదానం చేశాక శరీరం తాను కోల్పోయిన రక్తాన్ని 48 గంటల్లోగా తిరిగి భర్తీ చేసుకుంటుందని వెల్లడించారు. రక్తాన్ని కృత్రిమంగా తయారు చేయలేరని, ఎవరైనా దానం చేస్తే లభిస్తుందని వెల్లడించారు. ఈ సందర్భంగా విజ్ఞాన్ యూనివర్సిటీకి చెందిన 370 మంది విద్యార్థులు రక్తదానం చేశారు. ఈ కార్యక్రమంలో ఎన్ఎస్ఎస్ సమన్వయకర్త డి.సురేష్ బాబు సీబ్బంది పాల్గొన్నారు.

Outcome of the event: Students of VFSTR got awareness on donation of blood and its benefits. Total 450 Students involved in this event as volunteers and donors.

2019-20 Report

Self Defence for Girls in Surrounding High Schools

Date: 25-01-2020

Venue: SangamJagarlamudi, Angalakuduru and Narakoduru

VFSTR Deemed to be University UEAC Volunteers of Dept. of IT, Mechanical, AG, Bioinformatics has Conducted "Awareness On Self Defence for girls students" on **25th Jan 2020 from 2.00pm to 4.00 pm** in one of the School i.e. **ZPH School Narakoduru** as a part of this UEAC Volunteers from IT, Mechanical, AG, Bioinformatics, UEAC Program Officer faculty coordinators are involved in the event. On the day of the event, all the 45 UEAC volunteers met the principal of the government school and took the permission to interact with the students over there. Some of our Volunteers interacted with the students about the safety and importance about self-defence.

Most of the volunteers showed a great interest towards educating the girl students about Violence against girls and women, including sexual and gender-based violence, is prevalent around the world. Every day, a girl or a woman is a victim of violence. Violence against girls can happen at different moments in their lives and in a number of different ways. So we conducted a small interaction with students regarding girl self-defence.

JUST 10 (Helping Hands)

Date: 28.01.2020

Venue: Guntur

The best way to find you is to indulge yourself in the service of others. The very act of giving back to society boosts your happiness and gives pleasure. With the prime motto of helping hands are better than praying lips. The students of Vignan's University Vadlamudi on behalf of UEAC (University Extension Activity Council) planned for a new idea called "JUST 10". "We personally feel that the saying of Mother Teresa "I alone cannot change the world but I can last a stone across the water to create many ripples". This gave us inspiration to give shape to this budding idea, said the student initiators of this awful idea Vamsi Krishna and Divakar Reddy of passed out students of ECE Department. As volunteering the time, money and energy to help others does not make you better but inspires others too to part take and contribute themselves with the spirit of service. The work of JUST 10 is to collect an amount of 10 rupees from students who are willing to help. With the collected fund it will be used for social welfare organizations. The students were much appreciated the initiation and encouraged to start many such ideas. "This shows your passion and love of service. It will give inspiration to your juniors even to take part in such programmes in future". The man with great compassionate heart shared his collaboration with NirmalaHrudaya orphanage home. The ECE departments of UEAC volunteers are Distribution of fruits and Medicines for orphans and old age people in NirmalaHrudaya orphanage home on 28th January 2020 at Guntur. We give donations in order to develop the infrastructure and providing basic facilities to the orphans. This is the best moments are made with the children. We hope all such driving forces and unconditional support of yours makes our idea successful and provide path in shaping bright future of such needy and unprivileged kids. "If 'I' is replaced with 'WE' even the "Illness" will become "Wellness"".

2019-20 Report

SwachhataPakhwada- 2020

Date: 16.01.2020 to 31.01.2020

University Extension Activity Council (UEAC) of VFSTR has organized all the programmes of "SWACHHATA PAKHWADA" programme as floated by MHRD for "spreading message of cleanliness not only among the students but also in the surrounding areas". Student volunteers along with the faculty/staff volunteers made the programme a grand success. As per the guidelines of MHRD, UGC has instructed the higher educational institutions in India for promoting cleanliness in the regions surrounding the University. They also have given the schedule and plan of action scheduled from 16th January to 31st January 2020. Students have registered and actively participated in all the programmes. An awareness program was conducted on "CLEANLINESS" in the adopted Schools, and people living in surrounding villages of the University. Awareness programmes are also organized on Tree plantation, talk show on swachhata, cleanliness drives in hostels, kitchens, food waste management and competition regarding speech, poster making and slogan writing. The awareness on cleanliness in orphanage homes, old age home and debriefing session with local body about the system. The object of this program is to create awareness of making cleanliness. This is the need of the hour for good health, and to overcome the health problems with the best environment surrounding their neighbourhood.

The students of the UEAC unit of VFSTR Deemed to be University actively participated in the 'SWACHHATA PAKHWADA' activities, organized in the duration of 15 days as per schedule given below.

**Development and Presentation of Innovative Technologies for Waste
Recycling Energy Conservation**

Date: 18.01.2020

Venue: VFSTR

NSS Unit of VFSTR Organizing Waste recycling Energy Conservation in VFSTR premises on **18.01.2020**. Incineration is a simple technology that involves passing waste over reciprocating or inclined roller grates, which allow air to be blown both through and over the top of the waste. The organic component of the waste is oxidised into carbon dioxide and water. The unburnt ash or slag is cooled in water and disposed of. Flue gas contains water, combustion gases, oxygen and nitrogen. The process generates heat, which is used for to generate steam or hot water for local heating and/or as electricity.

How does Recycling Save Energy?

Recycling saves energy by reducing or eliminating the need to make materials from scratch. Making products from scratch can be both labour intensive and expensive to collect, move and refine the natural resources needed for paper, aluminium, plastic, and so on. By using recycled materials instead of pulling new natural resources, manufacturers can make the same products with less energy and expense. Since recycled materials have already been refined and processed once; the second time around, manufacturing is much less energy-intensive than the first. When companies don't have to process the raw materials from scratch, new products from recycled materials use up to 30% less energy. Let's talk more about how the environment benefits when we recycle aluminium, plastic, and paper.

2019-20 Report

1. HOW RECYCLING ALUMINIUM SAVES ENERGY

More than 100 billion aluminium cans are sold in the United States each year, with less than half being recycled. With the amount of energy it takes to make one virgin aluminium can, 20 recycled cans can be manufactured. The process is fast and the energy savings are astounding. Plus, aluminium can be recycled indefinitely without degrading! This is what makes aluminium recycling so efficient – there is virtually no need to bring new aluminium materials into the production cycle if we just recycle the aluminium that we already made!

2. HOW RECYCLING PLASTIC SAVES ENERGY

There are seven different types of plastic – each with different purposes. Plastics are different from aluminum since the material quality degrades each time plastics are recycled – eventually your plastic water bottle will make it's way to the trash can. Manufacturers continue to make innovative strides though – transforming plastics that were once restricted from recycling into high-quality plastic products that take less energy to produce.

3. HOW RECYCLING PAPER SAVES ENERGY

Manufacturing recycled paper uses only 60% of the energy needed to produce paper from fresh pulp – and saves thousands of trees in the process. Paper is another consistently recycled material

in the United States. But it's the leftover ink residue can create problems for manufacturers who want bright white paper (which is difficult to achieve with recycled paper). Biodegradable inks and even erasable papers are making a difference in making more paper recyclable.

Competitions Regarding Swachhata, Water Conservation, Forest Conservation and Best out of Waste (Speech, Poster Making, Slogan Writing)

Date: 20&24th Jan 2020

Venue: VFSTR

Different competitive events were conducted to bring out the innate ability of students. They actively participated in swachhata, water conservation, forest conservation and best out of waste – Speech, poster making, slogan writing. Prizes were distributed to the winners by VFSTR Vice-Chancellor Dr. M.Y.S Prasad, Dr. K.V. Krishna Kishore, Dr. Vijayababu Palukuri, Faculty Coordinator, Dr. Siva Nageswararao from MBA dept. Mr. D. Suresh Babu, UEAC Coordinator.

Competitions: The UEAC was conducting competition on presentation of innovative technologies on 20th to 24th January in the event of SwachhataPakhwada 2020.

Competition regarding to swachhata, water conservation, forest conservation and best out of waste – Speech, poster making, slogan writing etc..

Competitions regarding swachhata, water conservation, forest conservation and best out of waste. (Speech, Poster making, slogan writing etc.) on 20th to 24th Jan 2020

Organization of Cleanliness Drive in Campus and Hostels

Date: 21.01.2020

Venue: VFSTR

To organizing cleanliness drive in VFSTR premises, boys and girls Hostels the efforts to achieve universal sanitation coverage and to put a focus on sanitation, the Prime Minister of India, Mr. Narendra Modi, launched the Swachh Bharat Mission. In this regard, the university had organized Cleanliness Drive on 21st January. The NSS program Officer of the VFSTR had inaugurated the program by cleaning the corners of the all Buildings followed by the faculty and students. The main purpose of the program is to create awareness among the students regarding cleanliness and its benefits. Under this program, total 152 UEAC Volunteers the maintenance staff had participated. UEAC coordinators were played an essential role in the program. Dr. K.V Krishna Kishore had delivered the speech mentioning the importance of sanitation. He told the saying 'Cleanliness is next to Godliness' to the students. "It plays a vital role in our daily lives. It the state of keeping clean and remains away from dirt to achieve and maintain the good physical and mental health" UEAC Volunteers, other students, the maintenance staff for the successful noble job.

Students and staff members of VFSTR were actively participated in "Cleanliness Drive in Campus and Hostels.

**Cleanliness Drives in Hostels With Active Participation of Students and
Hostel Staff**

Date:25.01.2020

Venue: VFSTR

University Extension Activity Council (UEAC) of VFSTR has organized all the programmes of "**Cleanliness Drive in Hostel**" Student volunteers along with the faculty/staff volunteers made the programme a grand success. As per the guidelines of MHRD, UGC has instructed the higher educational institutions in India for promoting cleanliness in the regions surrounding the University. Students have registered and actively participated in all the programmes. An awareness program was conducted cleanliness drives in hostels, kitchens, on 25.01.2020. The object of this program is to create awareness of making cleanliness. This is the need of the hour for good health, and to overcome the health problems with the best environment surrounding their neighbourhood.

The students of the UEAC unit of VFSTR Deemed to be University actively participated in the '**Cleanliness Drive in Hostel**' activities, organized in the duration of 15 days as per schedule given below.

Cleanliness drive in Hostels:

**Organization of Special Drive on Water Conservation Check Wastage of
Water and Take Appropriate Measures to Rectify.**

Date:28.01.2020

Venue: VFSTR

The students from UEAC (University Extension Activity council), from department of chemical engineering have taken one step to check how water in our university is becoming waste and has taken some measures to rectify it and also created awareness on some methods which are useful in saving rain water. We know that water is one of the most important resources on earth. All plants and animals must have water to survive. If there was no water there would be no life on earth. Apart from drinking it to survive, people have many other uses for water. These include:

- Cooking
- Bathing
- Washing clothes
- Washing cooking and eating utensils; such as bellies, saucepans, crockery and cutlery
- keeping houses and communities clean
- keeping plants alive in gardens and parks

As water is renewable resource, there are many ways in which we can collect water. But water scarcity becomes one of the issues for the present generation and future generation. It affects every Continent and was listed in 2019 by the World Economic Forum as one of the largest global risks in terms of potential impact over the next decade. Two-thirds of the global population (4 billion people) live under conditions of severe water scarcity at least 1 month of the year. A mere 0.014% of all water on Earth is both fresh and easily accessible. Of the remaining water, 97% is saline and a little less than 3% is hard to access. Economic water scarcity is caused by a lack of investment in infrastructure or technology to draw water from rivers, aquifers or other water sources, or insufficient human capacity to satisfy the demand for water. One quarter of the world's population is affected by economic water scarcity. Economic water scarcity includes a lack of infrastructure, causing the people without reliable access to water to have to travel long distances to fetch water that is often contaminated from rivers for domestic and agricultural uses. Consumption increases with GDP per capita in most developed

2019-20 Report

countries the average amount is around 200–300 litres daily. In underdeveloped countries average daily water consumption per capita was below 10 L. Hydrologists today typically assess water scarcity by looking at the population-water equation.

A popular approach to measuring water scarcity has been to rank countries according to the amount of annual water resources available per person. For example, according to the Falkenmark Water Stress Indicator,

- A country or region is said to experience "water stress" when annual water supplies drop below 1,700 cubic meters per person per year.
- At levels between 1,700 and 1,000 cubic meters per person per year, periodic or limited water shortages can be expected.
- When water supplies drop below 1,000 cubic meters per person per year, the country faces "water scarcity".

So as a responsible citizen it is every common man duty to save every drop of water. Hence we roamed every corner of the university and checked how wastage of water takes place in my campus.

As a part of engineers we planned one method of reusing the waste water.

1. We make the connections properly to arrest leakages happened and also reported to change some pipes as they are ready to wear and tear.
2. We make the connection from wash basin to the flush tube.

VIGNAN'S

University Extension Activity Council (UEAC)

2019-20 Report

We can proudly say that we are successful in combining this connection and we are successful in reusing this waste water. We implemented in one of the block and we are trying to implement this to all the blocks.

3. We analyzed the quantity of water that has been using in hostel mess every day and we also trying to reduce the quantity of water using for cooking yearly. We are trying to using the modern technology in order to reduce the water usage.
4. We also interested in saving rain water and thought to reuse that rain water in our university. So our University administrators already implemented the process of pit or ponds preparation for saving rain water

2019-20 Report

5. Some of the other methods also we are implementing on our campus in order to save rain water

Rainwater tanks

The rainwater which falls on the roofs of buildings is often collected using roof guttering leading through a pipe to a storage tank.

VIGNAN'S Foundation for Science, Technology and Research, Deemed to be University,
VADLAMUDI-522213, GUNTUR DISTRICT

University Extension Activity Council (UEAC)
2019-20 Report

Thus rain water that falls on roofs are made to flow in to the containers. These containers of steel and plastic. Here we are reusing steel container of reused one. We are cleaned the container and placed at the end of water collection.

The collected rain water is used in different ways. Sometimes these rain water is using for increasing ground water by making long deeper pits.

6. We also are trying to making awareness on how to minimize the wastage of water in nearby villages.

List of volunteers:

Organizations of special drive on water conservation. Check wastage of water and take appropriate measures to rectify on 28.01.2020.

Say No to Single Use Plastic.

**Awareness Camp Regarding Cleanness through Road Show, Display of
Banner**

Date: 29.01.2020

Venue: Vejudla

On 29th January 2020, as a part of UEAC Activities "**Say no to Single use plastic awareness and road show, display of Banner**" at Vejudla village. One day awareness on Say no to Single use plastic awareness and road show, display of Banner was held with the students of ZPH School Vejudla, Students from 8th and 9th classes actively participated in the road show rally. The program was organized by IT students of VFSTR.

The program started with the introduction of volunteers and organizing team followed by presentation about the plastics and its impact upon human health and environment. Students were amazed knowing that plastics are made of petroleum product and gases found in earth. The two way communication between the presenter and the students gave outstanding result in terms of learning and sharing knowledge. Moreover, students became clear about the effects of plastics on human health and how it affects our body like endocrine glands causing obesity, heart disease, male genital abnormalities, cancer, autism and what not!

On questioning the students, "How can we save our environment from poly bags? Amazing feedbacks as, minimization of plastics, using eco bags like jute bags, paper bags, cotton bags, were heard from the students. They learned how they can create awareness to save our environment from plastic bags as well. After knowledgeable presentation, a short infotainment video was shown. The animated video was about our environment, how human is rapidly polluting the earth and misusing the resources in name of sustainable development and exploiting other animals for their extravagant needs. Students respond to the video in positive way, some of them said our eco system is being hampered, some said its destruction of the earth, and we even heard someone from the mass saying that humans are being more and more self-centred!

The overall program was more fruitful. The concern of the children and teachers towards the campaign made it more prosperous. If not more, we are sure that those students would be responsible citizens who care for the environment and reduce use of poly bags as we do.

In this event the NSS programme Officer Dr. K.V.Krishna Kishore and NSS Coordinator Mr.D.SureshBabu were participated in this program

**Presentation of Reports on Village Visit by Students Action Taken
and Suggestions**

Date: 30-01-2020

Venue: VFSTR

The last day of ten days events all coordinators have presented their reports on village visit and the action taken or whatever the suggestions they prepared clearly in the meeting. The volunteers have conducted different types of programmes like awareness and survey at adopted villages. Barrier free access to drinking water was established in one village and toilet facility for divyang (Blind) students may be reviewed and ensured at one village, as there are two students whose sight was lost due to some parental negligence in their childhood days.

Certificates and Prize distribution ceremony for winners in the competitions organized of poster, slogan and best out of waste in "Swachhata Pakhwada 2020".

List of volunteers:

Presentation of reports on village visit by students action taken and suggestions. Barrier free access to drinking water and toilet facility for Divyang students may be reviewed and ensured on 30.1.2020

2019-20 Report

Teaching, Cleaning, Activities and Competitions for Kids

Date: 8.02.2020

Venue: Sangar jagarlamudi

University Extension Activity Council (UEAC) team of Biotech department has planned an event of Gardening and plantation from 3:00PM to 4:30 PM on 08.02.2020 Sangar jagarlamudi. Around 45 students have participated in the gardening and planting trees.

In present times, Deforestation has become a global trending issue. According to satellite data, tropical forests are being destroyed at the rate of about 8 million hectares (31,000 square miles) per year — an area equivalent to the size of a state in South Carolina. So the UEAC Team thought that it's better to encourage a bit in going green and the plantation is a simple solution in which people need to perform in firm schedule planted nearly 20 saplings today and 20-25 saplings on the previous day. And finally, this event ended by watering the plants using a sprinkling system.

Department of biotechnology planned this event to plant saplings in Sangamjagarlamudi

Awareness Programme on Seasonal Diseases

Date: 19.02.2020

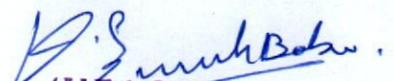

Volunteers from the department of Information and Technology has conducted an awareness programme on Seasonal Diseases conducted in Vejendla village on 19th February 2020 in view of the changes in the weather. As the weather warms up and flowers begin to bloom, allergies starts cropping up due to increased pollen in the air. Asthmatics, especially children, need to be taken care of beforehand as pollens can trigger asthmatic attack. The villagers have benefited with the awareness given by Mr. Tulasi Das, Medical Officer. Mr. Suresh Babu coordinated the event.

Importance of water at ZPH School Vadlamudi

Date: 26.02.2020

Venue: Vadlamudi

Indeed, children of lower classes are not aware with the importance of water and its advantages that plays a better role on our daily life. As a part of UEAC, IT department students stood in front to take an initiative to create awareness among the children. They began the session for lower classes by interacting with them and explained the about the importance of water. In the session students started that water is an essential nutrient and plays a key role in the human body, can survive up to several weeks without food, but only a few days without water. Students also elaborate that every system in the body, from cells and tissues, to vital organs required water to function. They also mentioned that water carries nutrients to all cells in our body and oxygen to our brain and allows the body to absorb and assimilate minerals, vitamins, amino acids, glucose and other substances. Students explained that water flushes out toxins and waste, helps to regulate body temperature, and acts as a lubricant for joints and muscles. Team also answered for queries the students has been asked.

Recommendation to improve drinking water qualities are as follows:

- 1) Drinking water quality must be checked at regular interval of time.
- 2) Ground water sources must be checked carefully.
- 3) Source of contamination of ground water pollution should be searched with flow direction.
- 4) Proper treatment must be done as ground water before drinking.
- 5) Industrial and municipal waste disposal locations should be decided according to flow pattern of water and water table level of that area.
- 6) Location of dug well or bore well should be decided very carefully. The location of contamination sources, distance from well, flow direction all should be considered.
- 7) Ground water must be filter to remove solid and colloidal particular.
- 8) Water must be treated with Alum to coagulate impurities.
- 9) Bore well water must be treated with KMNO₄ before use.
- 10) Pipe lines must be to good quality.

**Distribution of Commodities to Poor People during
COVID-19**

Dated: 13-05-2020

Venue: Guntur and Tenali

The management of Vignan's University distributed commodities to 650 poor people in and around Vadlamudi, Garuvpalem, villages and University workers on 13-05-2020. This is the part of fulfilling social responsibility and recognition given to the people of Vadlamudi for their contribution in developing the University. The Vice-Chairman Sri LavuSrikrishnaDevarayalu spoke to the gathering on this occasion and briefed them about the precautions to be taken during this pandemic and distributed the commodities.

COVID-19 Awareness program

Date: May and June 2020

University Extension Activity Council (UEAC) of VFSTR has organized Awareness program of "COVID-19" floated by UGC for "spreading message of COVID-19 in the surrounding villages". The faculty/staff made the programme a grand success. As per the guidelines of MHRD, UGC has instructed the higher educational institutions in India for promoting awareness on COVID-19 in the regions of surrounding the University. An awareness program was conducted on "COVID-19" in the adopted in people living in surrounding villages of the University.

The faculty and staff members of the UEAC unit of VFSTR Deemed to be University actively participated in the 'COVID-19' awareness program.

What are the awareness levels in the village regarding COVID-19?

What is the COVID-19

COVID-19 is the infectious disease caused by the most recently discovered corona virus. This new virus and disease were unknown before the outbreak began in Wuhan, China, in December 2019. COVID-19 is now a pandemic affecting many countries globally.

What are symptoms of COVID-19

The most common symptoms of COVID-19 are fever, dry cough, and tiredness. Other symptoms that are less common and may affect some patients include aches and pains, nasal congestion, headache, conjunctivitis, sore throat, diarrhea, loss of taste or smell or a rash on skin or discoloration of fingers or toes. These symptoms are usually mild and begin gradually. Some people become infected but only have very mild symptoms.

2019-20 Report

SYMPTOMS

Most people (about 80%) recover from the disease without needing hospital treatment. Around 1 out of every 5 people who gets COVID-19 becomes seriously ill and develops difficulty breathing. Older people, and those with underlying medical problems like high blood pressure, heart and lung problems, diabetes, or cancer, are at higher risk of developing serious illness. However, anyone can catch COVID-19 and become seriously ill. People of all ages who experience fever and cough associated with difficulty breathing/shortness of breath, chest pain/pressure, or loss of speech or movement should seek medical attention immediately. If possible, it is recommended to call the health care provider or facility first, so the patient can be directed to the right clinic.

How does COVID-19 spread?

People can catch COVID-19 from others who have the virus. The disease spreads primarily from person to person through small droplets from the nose or mouth, which are expelled when a person with COVID-19 coughs, sneezes, or speaks. These droplets are relatively heavy, do not travel far and quickly sink to the ground. People can catch COVID-19 if they breathe in these droplets from a person infected with the virus. This is why it is important to stay at least 1 meter away from others. These droplets can land on objects and surfaces around the person such as

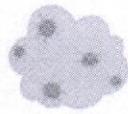

VIGNAN'S Foundation for Science, Technology and Research, Deemed to be University,
VADLAMUDI-522213, GUNTUR DISTRICT

University Extension Activity Council (UEAC)
2019-20 Report

tables, doorknobs and handrails. People can become infected-by touching these objects or surfaces, then touching their eyes, nose or mouth. This is why it is important to wash your hands regularly with soap and water or clean with alcohol-based hand rub.

ALWAYS COVER YOUR
COUGH OR SNEEZ

How can we protect others and ourselves if we don't know who is infected:

Practicing hand and respiratory hygiene is important at all times and is the best way to protect others and yourself

When possible maintain at least a 1 meter distance between yourself and others. This is especially important if you are standing by someone who is coughing or sneezing. Since some infected persons may not yet be exhibiting symptoms or their symptoms may be mild, maintaining a physical distance with everyone is a good idea if you are in an area where COVID-19 is circulating.

University Extension Activity Council (UEAC)
2019-20 Report

Self-isolation

Self-isolation is an important measure taken by those who have COVID-19 symptoms to avoid infecting others in the community, including family members.

Self-isolation is when a person who is experiencing fever, cough or other COVID-19 symptoms stays at home and does not go to work, school or public places. This can be voluntarily or based on his/her health care provider's recommendation. However, if you live in an area with malaria or dengue fever it is important that you do not ignore symptoms of fever. Seek medical help. When you attend the health facility wear a mask if possible, keep at least 1 metre distant from other people and do not touch surfaces with your hands. If it is a child who is sick help the child stick to this advice.

If you do not live in an area with malaria or dengue fever please do the following:

- If a person is in self-isolation, it is because he/she is ill but not severely ill (requiring medical attention)
- a large and well-ventilated with hand-hygiene and toilet facilities
- If this is not possible, place beds at least 1 metre apart
- Keep at least 1 metre from others, even from your family members
- Monitor your symptoms daily
- Isolate for 14 days, even if you feel healthy
- If you develop difficulty breathing, contact your healthcare provider immediately – call them first if possible
- Stay positive and energized by keeping in touch with loved ones by phone or online, and by exercising yourself at home.

What did the village withstand various Strategies and challenges posed by COVID-19?

- a) Properly wear a face mask
- b) Social distancing
- c) Hand wash with sanitizer in every 20 minutes
- d) Wash fruits and vegetable
- e) Self Quarantine

**The Implications of COVID-19 for Villages near Vignan's Deemed University, Vadlamudi,
Guntur Dist – 522213, Andhra Pradesh,**

The COVID-19 pandemic has brought the entire nation to a halt. Health officials and medical professionals are struggling with containing the disease, testing and treating affected people.

Andhra Pradesh has also recorded a high number of positive cases for COVID-19 since March 2020. As on 30th June 2020, a total of 6,81,000 samples have been tested in the State, of which, 7479 (58 % tests positive) are confirmed cases, 6232 cases were cured and discharged and 6,79,619 samples have been tested negative. The State has also seen 180 deaths till date due to the pandemic.

Since ICMR has approved the COVID testing kits in AP, the government can plan and set up COVID testing centres in each village, in collaboration with the health department.

School teachers can be used as volunteers for conducting village surveys and creating awareness among the public.

The University has provided 1000 Grocery kits (1 month's need) for people from nearby villages. Campaigning List of Villages near University:

International Yoga Day

Date of event conducted: 21.06.2020

Venue : VFSTR , Time: 2.00PM to 4.00PM

Mr.NarendraModi, the Prime Minister of India, has proposed an idea of International yoga day during his speech at the United Nations General Assembly, on 27 September 2014 to bring both physical and mental health to achieve peaceful body and mind. In this regard, the university had organized "International Yoga Day" on 21st June, 2020 at VFSTR. The theme of this year international yoga day was **Clin ate Action**. The International Day of Yoḡa is celebrated annually on June 21 to raise global awareness about the benefits of the ancient Indian practice. It comes with a different theme every year. This year, it is on climate change. Ycga is an ancient art that keeps your mind, body and soul in peace. Under this programme, the NCC cadets, faculty had actively participated. This moment shows how we were blessed by our ancestors. It plays a vital role in our daily lives and it is the state of keeping good physical and mental health". The NCC cadets, faculty has done a successful noble job.

Conducted International Yoga Day by the NCC Unit in VFSTR premises

Outcome of the event:19 cadets and 2 ANOs involved in the event. By this event, the students got to know about the importance of yoga and its benefits. It keeps us healthy and strong.
