### Department of Pharmaceutical Sciences

1. It is resolved to plan and conduct guest lectures by the reputed resource persons from Industry, academia and hospitals by the respective course coordinators covering the curricular gaps and any additional topics also.
2. As a measure of improving the student performance for the even semesters in the AY 2024-25, it is resolved
  - a. to divide the students into 'slow learners' and 'bright students' based on their performance in the 1st Mid examinations in every semester. It is further resolved to consider 60% mark as the border line as the students who got < 60% of marks are considered as slow learners and the remaining students with  $\geq 60\%$  are considered as the bright students.
  - b. to take certain additional care like conducting remedial classes and peer learning to improve the performance of the slow learners. It is also resolved to appoint a coordinator to conduct the remedial classes and to monitor the progress of the bright students
  - c. to encourage bright students for participation in curricular events like seminars/conferences, supporting for preparation of competitive exams etc.
3. M.Pharm. 2<sup>nd</sup> Year students reported to Therallen Pharma Pvt. Ltd. To carry out their project work. The program coordinator is instructed to monitor the work progress of the students.
4. Classwork for the 1<sup>st</sup> year students of M.Pharm. and Pharm.D was commenced from 17<sup>th</sup> October for the AY 2025-26. The respective program coordinators of both the programs are instructed to help the students in understanding and adopting their academic regulations. Also, the coordinators are instructed to monitor the classwork progression to happen in smooth-way.
