#### Discussions and Resolutions

##### 1. Initiation of Agentic AI Courses for B.Sc. Psychology Programme

The committee discussed the incorporation of Agentic AI in the B.Sc. Psychology curriculum as part of the broader discussions at VFSTR regarding the integration of AI components across all academic programmes. While the committee acknowledged the existence of an AI course titled *Application of Artificial Intelligence* in the current curriculum, members discussed the possibility of introducing an additional course focusing on basic AI tools useful for students. The committee resolved to further examine the feasibility and academic relevance of such an adaptation in the programme structure.

##### 2. Revision of B.Sc. and M.Sc. Syllabi

The committee reviewed the existing B.Sc. and M.Sc. syllabi and discussed the need for updating the curriculum in accordance with recent academic developments and industry

requirements. The committee resolved to proceed with the proposed revisions and recommended incorporating necessary modifications wherever required.

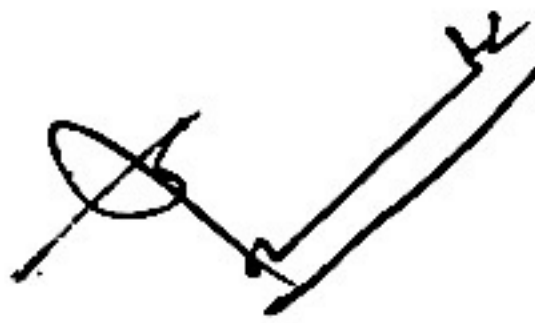

### 3. Revision of 'Minor in UPSC' Syllabi

The committee discussed the revision of the Minor in UPSC syllabi with focus on improving the structure, course content, and relevance of the programme. Members recommended updating selected topics and ensuring better alignment with current competitive examination requirements. The proposed revisions were approved by the committee.

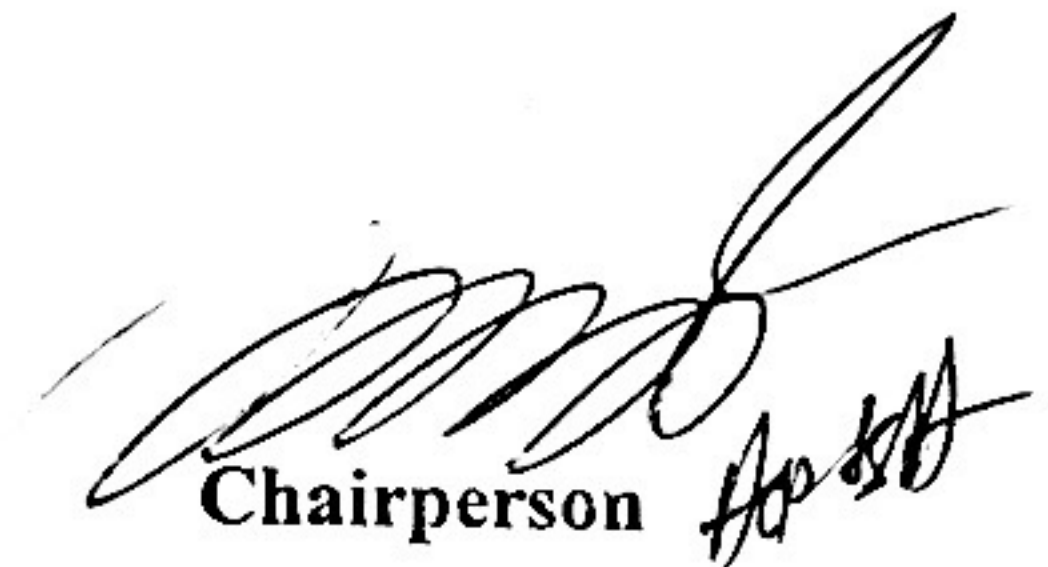

### 4. Revision of Binary Courses

The committee reviewed the existing binary courses offered by the department and discussed the need for suitable academic modifications. Members suggested revising the course structure and content to improve clarity, relevance, and student engagement. The committee resolved to implement the necessary revisions.

The meeting concluded with a vote of thanks proposed by the Convener.
