Distributing Chandrayaan-3 Mementos to Government Schools

Date:23.10.2023

Venue: VFSTR

Chandrayaan-3 is developed by the Indian Space Research Organization (ISRO). India is the world's first country to land a moon mission on its South Pole.

Chandrayaan-3 launched from the Satish Dhawan Space Centre in Sriharikota Range (SDSC SHAR), India, on 14 July 2023 on a mission to demonstrate new technologies and to achieve India's first soft landing on another celestial body. It is the third Indian lunar exploration mission under the Indian Space Research Organization's (ISRO) Chandrayaan program. It consists of a lander named Vikram and a rover named Pragyan, similar to those of the Chandrayaan-2 mission. The propulsion module carried the lander and rover configuration to lunar orbit in preparation for a powered descent by the lander.

Through ISRO's Chandrayaan-3 mission's success, India will become the only country to land its spacecraft on the South Pole region of the Moon. India will become the second country, along with China, to have an operating rover on the moon. To support this historical mission, Vignan University has taken up a mission to distribute Chandrayaan-3 Mementos to Government Schools on October 23, 2023.

A Book from you

Date:05.10.2023

Venue: Brahmanakoduru

We the team UEAC have conducted a book distribution event at Brahmanakodur orphanage home. Our university students have donated around 1100 books for distribution. The main aim of the event is to encourage students to engage actively in the learning process.

Our team UEAC members collected books from the university students and distributed them to needy ones. They have collected around 1100 Notebooks and distributed 200 notebooks in the Brahmanakodur orphanage home, and the remaining books will be distributed soon. Notebook distribution plays a crucial role in improving educational access and quality for underprivileged students. Notebooks are essential tools for learning. They provide a platform for students to write, practice and consolidate their knowledge. This is one of the best events to improve the quality of education.

Our UEAC team members including core leads, vertical members, chief organizers and 65 volunteers gathered in college by 2:40 PM. The event started at 3:00 PM by assembling the members in the orphanage home. They started distributing the books to all the students present there. Finally, the event was completed at 5:00 PM.

Say No to Plastic Water Bottles

Date:09.02.2024

Venue: ZP High School Vejandla

9th February 2024, in our adopted school, Vejandla conducted an event on “Say No to Plastic” to students in different parts of school locality. The 45 students, including section and chief organizers and coordinators and some volunteers, participated in this event. By educating students about the plastic water bottle and its disadvantages of using it. The side effects of plastic include environmental pollution, harm to wildlife, and the persistence of plastic waste, as it takes a long time to break down, contributing to long-lasting ecological impact.

Plastic bottles, made with certain chemicals, can pose health concerns. The chemicals may leach into the water, leading to potential disorders. Bisphenol A (BPA) is a well-known chemical in some plastics and has been linked to hormonal imbalances, reproductive issues, and developmental problems in children and adults. This makes a huge impact among students by knowing the reality of plastic water bottles.

Anyway, participants were highly enthusiastic to make it a big success. The students came to know about the plastic water bottle and the disadvantages of using it in our daily lives. By creating an open and supportive atmosphere, encourage students to discuss their feelings without fear of judgment, like emotional, psychological, and social well-being. Every step of the program was appreciated by the representatives of the administration. This event created a great stir among the students.

Awareness on Say no to plastic at Vejendla high school on 09.02.2024

Awareness on Food Wastage

Date: 10.02.2024

Venue: Vejandla Village

On the 10th of Fe 2024, Awareness on Food Wastage was organized by the NSS wing food technology of VFSTR in the nearby Vejandla village.

The Aim of this event was to create awareness on Food Wastage and to provide awareness among the Students, reducing the health problems caused by food adulteration and educating the People on the proper precautions. The target audience for this event was in the nearby village of Vignan's University. This event began at 10:30AM with a brief introduction about the NSS program and the significance of the event, with a total of 41 NSS coordinators and volunteers. The NSS unit has reached a total of 300 people from the nearby village for this event.

After the introduction, the awareness on Food Wastage. The attendees were provided with a brief about this event by explaining the harmful effects of various diseases. This was delivered by the NSS coordinators and the Volunteers. In Conclusion, the awareness on seasonal diseases event organized by Team UEAC of Vignan University was a successful event that created awareness on harmful effects of Food Wastage.

A BOOK FROM YOU

Date:30.12.2023

Venue: Narakoduru, Chebrolu

This event “A Book from You” was conducted in the indication of helping the School kids by the University on 30 Dec 2023 by the team UEAC.

This event is held once or twice a semester each year to donate books to the children to aid in their future education. At 2:00 PM, the ceremony took place at Narakoduru, Chebrolu. 65 members participated in this event in total. All of the first-year section coordinators, volunteers, vertical leads, and core members are included in this. A Book from You's goal is to gather books from students, which will then be given to the schools where the children are growing up and graduating, assisting them with their academic needs. Three hundred of the 600 books were given out to the kids at Narakoduru Z.P.H. School, and 300 notes were given to the pupils at SURYADEVARA GOVERNMENT.HIGH SCHOOL Chebrolu. The children received excellent cooperation from the school's headmaster. A total of 300 books—250 notes and 50 textbooks—were given to Suryadevaranarasiah High School pupils. According to Sir, A Book from You is a program that collects books to give to pupils in order to help them succeed. By sharing his expertise and engaging in several activities with the kids, our core team member Sankeerthan taught them how to speak in front of large crowds. Following Sankeerthan's insightful speech, many of the students in the classroom bravely moved to the front of the room. The Program commences with an assembly of NSS (Volunteers and coordinators) and at 1:30 PM the dividing of groups takes place according to their disciplines and each branch has contributed their efforts to make the “A Book from You” event successful. By the time of 4:00 PM, all are gathered at the V Tree for a small interaction with the NSS core team and an appreciation for the accomplishment of the event further proceeded by clicking a few photos and finally, everyone has been dispersed with a thank you note.
