

The only disability in life is a bad attitude,says Dr.L. Rathaiah
First day of Counseling starts on a High note

Attitude is one of the most important factors in helping you get through the highs and lows of life said Vignan's University Chairman, Dr. L. Rathaiah while addressing the parents and students on the first day of Counseling. He said that Attitude spells how a person copes, whatever perspective you may hold will invariably have an effect in your performance and the way you handle rejection.

Day 1

The first day of B.Tech admission counseling has begun with the rank below 2000.Also, the students who have secured 9.57 GPA or 960 marks in the Intermediate and above 85% in JEE mains have got the admissions. The University has waived the fee from 25% to 75% and given the scholarships for the merit students accordingly.

The first day of Counseling had the witnessed a great number of students. Over 1000 students from Andhra Pradesh, Telangana, Tamilnadu ,Kerala and other states had participated in the counseling. The second day of counseling will be held for the BC students who have secured below 5500 rank in V-SAT, said Dean Admissions Dr. V Ravi Kumar.

While addressing the students Vignan's University Vice Chancellor Dr. M.Y.S Prasad mentioned that all engineering branches are equally great in terms of subject knowledge as well as the employment opportunities available; it is very important for the students to make an informed choice that meet their interest as well as aptitude.

He informed that the university is updating the syllabus time to time as per the industrial requirements. Various Deans of the varsity were also interacted with the parents and students.
