WEBINAR ON

IoT ECO SYSTEMS AND INDUSTRY 4.0

With an endeavour to impart the knowledge of R&D Professionals, Industry personnel, Academicians and students across the country, the departments of CSE and IT, VFSTR Deemed to be University in association with Computer Society of India(CSI) was conducting a series of free webinars on recent and Emerging technologies. As part of this series, on 30th July 2021, **Dr. Jagadish Chundury** gave insights on “**IoT ECO SYSTEMS AND INDUSTRY 4.0**”. **Dr. Jagadish Chundury** said, IoT is no more a buzzword. Today, IoT is part of every day's life. From home automation to autonomous cars to connected industries, IoT is finding its strides everywhere. The advanced IT and Compute world is changing the way we live, learn and play. IoT is connecting the unconnected and has become the bridge between the IT and real-life. In this Webinar, he enlighten the participants on the evolution of IoT, key challenges, plethora of use-cases, the IoT Ecosystem, reference architecture and discussed few interesting success stories. His talk was very exploratory and around 162 National and International students, faculty and Industry personnel have participated in this event through online.

At the end of the talk, the speaker answered very challenging questions posed by the participants. Speaking on this occasion, Dr D Venkatesulu, the Head of the Department, CSE expressed his thanks to Dr. Jagadish Chundury, and all the participants. On this occasion, Dr. Lavu Rathaih, Chairman and Dr. M.Y.S Prasad, Vice-Chancellor congratulated the Heads of the Department, CSE & IT and the organizing team and directed to organize many more such events in the near future in the interest of students and the faculty.

What is Industry 4.0?

- Big Data and Analytics
- Autonomous Robots
- Simulation
- Horizontal and Vertical System Integration
- Industrial Internet of Things (IIoT)
- Augmented Reality
- Additive Manufacturing
- The Cloud
- Cybersecurity
